PRESIDENT WILSON OFFERS TO ACT AS MEDIATOR

PRESIDENT WILSON OFFERS TO ARBITRATE IN BIG COAL STRIKE

Striking Coal Miners Informed That U. S. Government Is Prepared To Do Everything In Power To Facilitate Inquiry Into Controversy

Washington, Nov. 3.—Attorney-General Palmer to-day informed coal miners who protested against the strike injunction that the Government stood ready "to do everything in its power to facilitate an inquiry into the merits of the controversy but that in the meantime the law must be enforced and combinations to stop production can not be tolerated."

Mr. Palmer's statement, made in reply to a telegram from the local union at Glenn, Ohio, to President Wilson, was taken to indicate that no attempt would be made by the Government to settle the wage controversy until the strike was called off.

At the White House to-day it was said that President Wilson's offer of arbitration of the strike was still open. Meantime preparations for the setting up of a commission on industrial unrest was recommended by the public group in the recent industrial conference are going forward and the selection of the personnel is expected to be completed by the Senate to-morrow. One of the first effects of the coal strike has been the curtailment of passenger trains on some railroads. Director-General Hines has given regional directors wide discretion in this.

Chicago, Nov. 3.—Developments to-day in the strike of more than 425,000 soft coal miners throughout the country were expected to clarify the situation to the extent of determining whether production was to be stopped indefinitely in a large part of the bituminous coal fields, or whether any considerable number of workers were willing to return to work.

No plans have been made for opening of any of the mines with imported labor, and old men who return to work are to be treated as though they never laid down their tools, according to Thomas Brewster, chairman of the coal operators' scale committee.

Reports from most of the large mining centres indicated that while a large number of mines would be in shape for the miners to resume work, the operators did not expect many union men to re-enter the mines to-day.

While operators admitted that the figures given out by union leaders as to the number of men on strike were approximately correct, they pointed out that close to 150,000 non-union men were at work in the Pennsylvania.

(Concluded on page 4.)

SPRITED FIGHT ON REPRESENTATION

Promised Through Preponderance of Government Delegates at Conference

Washington, Nov. 3.—(Canadian Press).—Anomalies of representation at the International Labor Conference bid fair to lead to a keen fight before the more important business of the agenda paper is taken into consideration. The workers' group generally is strong in its protests against the preponderance of Government delegates. Although the employers' group is in scarcely better shape, the workers' delegates are asking that the voting power shall not be recognized of countries which have sent Government delegates only. This, as has been pointed out, is largely applicable to Central and South American States. The workers' group is plainly afraid that the unforeseen strength of Government delegates may be used to defeat labor aims. If they can eliminate the voting power of countries which have sent Government delegates only, the workers' delegates believe.

Normally the Government group would exactly equalize the combined strength of employers and workers' delegates.

IMPORTANT CHANGE IN EDUCATION DEPT.

S. J. Willis, B. A., New Superintendent, Succeeding Dr. Alex. Robinson

Dr. Alexander Robinson's connection with the Provincial Department of Education will cease to-day. An Order-in-Council giving effect to the severance and appointing a successor was passed at this morning's meeting of the Oliver Cabinet. Dr. Robinson entered the service of the Department as its superintendent over twenty years ago. He will be granted a gratuity of three months' salary and a retiring allowance of \$125 per month. His successor will be Samuel J. Willis, B.A., at present Principal of King Edward High School, Vancouver. He will assume his new duties at an early date and in the meantime J. D. Gillis, Assistant Superintendent of Education, will be acting superintendent.

The New Man. Samuel J. Willis is a native of Eastern Canada, where he taught in public school for a period of two years. He entered McGill University in 1897 and graduated in 1900 with first class honors. For a time he taught in the High School at Montreal and shortly afterwards came to British Columbia. His nineteen years' residence in this Province have enabled him to assimilate British Columbia's educational needs while his direct association with the schools of Victoria and Vancouver has especially equipped him for the post to which he now goes.

Several Years Here. In July of 1900 Mr. Willis was appointed to the staff of the Boys' Central School here. After a year he received well-merited promotion and became attached to the staff of the Victoria High School. In 1905 he became principal and remained in that capacity until 1916, when he received an appointment to the staff of the University of British Columbia. Further honors came the way of Mr. Willis, and as recently as last year he succeeded to the position of principal of King Edward High School, Vancouver, which, by the way, is the largest High School in the Province.

Mr. Willis is a married man with a family of two boys of ten and twelve years, respectively.

PETROGRAD IN SORRY PLIGHT

Without Bread for Past Two Weeks; Thousands Reported Dying Daily

Helsingfors, Nov. 3.—Petrograd has been without bread for two weeks, thousands of persons dying daily, according to information brought to Helsingfors yesterday by a Finn who escaped from a prison camp at Moscow on October 12. The population of Petrograd has fallen below 400,000, he said. The schools were closed owing to lack of fuel, he also reported, while the prices of foodstuffs now available were so dear as to be entirely out of reach of the poor.

Herrings were bringing 200 rubles each and potatoes 110 rubles a pound. Milk was 80 rubles a pint and meats were unobtainable.

Conditions in Moscow, the returning Finn reported, were not much better.

Forty Thousand Dead. Stockholm, Nov. 3.—A dispatch to The Tidende from Helsingfors says the famine in Petrograd is assuming terrible proportions. Forty thousand persons have died of starvation within a month, it is declared.

SOVIET REPORTS SUCCESS AGAINST KOLCHAK FORCES

London, Nov. 3.—The Russian soviet communique of Sunday, received to-day by wireless from Moscow, claims capture of 1,500 prisoners in the taking of Petropavlovsk, 166 miles west of Omsk, from the Kolchak forces.

TO BE SUPERINTENDENT OF EDUCATION FOR PROVINCE; S. J. WILLIS

TERAUCHI DEAD.

Washington, Nov. 3.—Former Premier Terauchi of Japan died at Tokyo at noon to-day, according to an official dispatch to the State Department.

RIOTERS AT ALEXANDRIA DISPERSED BY MACHINE GUNS, MANY CASUALTIES

London, Nov. 3.—A dispatch to the Exchange Telegraph from Cairo says the rioters at Alexandria were dispersed by the use of machine guns and that there were many casualties.

A number of leading citizens of Alexandria had prevailed on the Governor to withdraw the police and troops, saying that there would be neither demonstrations nor disorders.

Nevertheless, a procession of striking cartmen, accompanied by several thousand natives, marched at noon to the European quarters, uttering nationalist cries. There was no disorder until suddenly an army ambulance dashed into the procession, killing one person and injuring five. Thereupon the demonstration broke loose and plundered unhindered for an hour and fled with their booty.

Eventually order was restored by the citizens who had appealed to the mob. The troops and police did not interfere.

There were disorders in other parts of the town, which were accompanied by shooting.

Belgian Crown Prince Entitled to Senator's Seat

Brussels, Nov. 3.—Crown Prince Leopold, on reaching his majority, eighteen years, to-day, will be entitled to occupy a seat as a Senator. A residence will be established for him in the palace formerly occupied by his father as heir to the Throne.

Belgian princes of the reigning branch of the Royal family are by right Senators at the age of eighteen but have no voice in the deliberations until they reach the age of twenty-five years.

Reported Conference With Soviet Russia Is Now Contemplated

London, Nov. 3.—The Daily Herald, the Labor organ, declares it hears of good authority that the British Government is favorably considering a proposal for a conference of Soviet Russia with the Entente Allies. The conference would take place in a neutral country and would be on the lines proposed for the abandoned conference at Prinkipo Islands, the newspaper advises.

Home Rule Plan For Ireland Is London Report

London, Nov. 3.—The British Government will announce during the present week a new scheme of Irish government, according to a strongly supported report in Parliamentary circles to-day.

Under the plan said to be in prospect, there will be a grant of home rule to Ireland with power for counties to vote themselves out and form a governing body for the areas which might be thus excluded from the general scheme. A supreme body, however, presided over by the Lord Lieutenant, would have authority over both the other bodies.

DRURY READY TO FORM CABINET

That Will Command Allegiance of Majority of Ontario House

Toronto, Nov. 3.—Responsibility for the formation of a new Cabinet to carry on the Government of the Province of Ontario was accepted to-day, during a short interview, with the Lieutenant-Governor, Sir John Hendrie, by Ernest Charles Drury, leader of the United Farmers of Ontario-Labor coalition in the newly-elected Legislature.

It was a matter of only a few minutes. Mr. Drury was accompanied by J. J. Morrison, secretary of the United Farmers' organization. They drew up in an automobile to Government House precisely at 11 a. m. and were admitted to the Lieutenant-Governor's office immediately. It is understood that in reply to Sir John's questions, Mr. Drury stated that he was ready to form a cabinet that would command the allegiance of the majority of the House, but that he would not be ready to name his colleagues for a few days, possibly a week.

An understanding has been reached with the outgoing Conservative Government of Sir William Hearst to carry on in the meantime. Premier-designate Drury immediately left Government House. Incidentally, he narrowly missed the unprecedented experience in Canadian political life of receiving the congratulations and expressions of confidence from the heir to the British Throne, as well as the Vice-Regal representative.

The Prince of Wales arrived at Government House just a few minutes after the departure of Mr. Drury.

GERMANS COMMENCE DISMANTLING FORTRESS AT LSTEIN ON RHINE

Geneva, Nov. 3.—The Germans have started dismantling the fortress at Lstein on the Rhine about eight miles north of Basel. The work is being conducted under the supervision of allied officers. The fortress was equipped with long-range guns commanding both the German and Swiss shores of the Rhine for a long distance.

DOMINION TOTAL EXCEEDS LAST YEAR

Total Is Now \$152,416,000; Compensation Board Invests \$300,000

Toronto, Nov. 3.—The grand total of the Dominion of Canada in the Victory Loan campaign for the first week has been increased to \$152,416,000 by the figures reported up to noon to-day at the Dominion headquarters. This result is encouraging as it compares well with the \$144,851,500 reported for the first weeks work last year.

The totals for provinces are as follows: British Columbia, \$4,245,950; Alberta, \$3,152,800; Saskatchewan, \$2,587,050; Manitoba, \$9,510,750; Ontario, \$89,446,800; Quebec, \$37,157,100; New Brunswick, \$1,845,350; Nova Scotia, \$3,578,900; Prince Edward Island, \$194,200.

The above totals represent five reports up to Friday night, from British Columbia, Alberta, Saskatchewan, Manitoba, Nova Scotia, and Prince Edward Island.

New Brunswick had sent in four reports up to Thursday night and Ontario and Quebec have made six reports up to Saturday.

Edmonton reports \$668,550; subscribed from 1,439 applicants; Saskatoon has \$1,157,400 from 788 subscribers; Winnipeg reports \$8,536,450 from 3,739 subscribers. Halifax is well over the million mark, also having \$1,617,700 from 679 applications.

Vancouver, Nov. 3.—The Workmen's Compensation Board will invest \$300,000 in the 1919 Victory Loan. E. S. H. Winn, chairman, announced this morning. Fifty thousand dollars was invested in the last year loan.

SAYS CANADA WILL GET HER SHARE OF COAL FROM STATES

Ottawa, Nov. 3.—There will be no discrimination against Canada in the United States, the Government has been informed and Canada will have her share of the output the same as before. This was the declaration of Sir George Foster, Acting Premier, to the Canadian Press last night. Sir George stated that the coal outlook, which is made serious by the present tie-up in the United States mines, was receiving serious consideration from the Government.

LARGER SALARIES WANTED BY SPANISH CLERGY

Madrid, Nov. 3.—The Spanish clergy, from the highest ranks down, has requested the Government to increase clerical salaries, which have remained unchanged since 1911, when after the seizure of the church properties by the State, the salaries were fixed by agreement between the Government and the Vatican.

END OF FIRST WEEK SAW CITY THIRD OF WAY TO OBJECTIVE

Greater Victoria Has Maintained Pace Necessary For Final Success; Total \$1,902,450 Up to Saturday; Start on Big Investors This Week

Having reached a third of her \$5,000,000 objective on Saturday night, Victoria started the second lap of the Victory Loan drive this morning. Figures issued by loan headquarters at noon to-day show that so far the campaign has maintained the pace necessary for ultimate success, and indicate that the \$3,200,000 Honor Flag quota may be achieved by the end of this week.

Saturday's \$188,050 investment, made by 389 applicants, brings the total subscription so far, including the city's \$100,000 contribution, up to \$1,113,450. Including the Provincial Government's \$789,000 investment, \$1,902,450 had been subscribed at the end of the first third of the campaign. Leaving out of consideration the Government investment a continuance of the gait set so far would mean a total investment of nearly \$4,000,000. It is pointed out, however, that the loan organizations only began this morning to tap the large investments. On this account loan officials are confident that at the end of the campaign the victory total, including the Government investment, will have reached the \$5,000,000.

Now After Large Investor. Optimism and confidence marked the start of the second week of the campaign this morning. Beginning to-day the loan organizations will tackle the "A" list of prospective heavy loan investors. No attempt was made last week to secure the larger subscriptions expected as many firms did not desire to draw money from out of bank accounts until after the end of the month. During this week, however, a thorough canvass will be made of the "A List," and already these operations have resulted in several large investments.

Loan Head Confident. Summarizing the progress of the drive so far, Brigadier-General Clark, Island Loan chairman, said to-day: "The course of the campaign has made me confident that all is well. We have maintained a pace which, if continued, will put us 'over the top.' Indeed, it is quite possible that we shall reach our \$3,200,000 quota—which will entitle us to the 'Prince of Wales' honor flag—by the end of this week. We shall then have the last week of up the rest of our \$5,000,000 objective. All we start now to gather in the big investments expected. If the big business man accords the loan the same support that it has received from the average citizen, success will not be difficult. The test of the rich man will be placed this week."

"Saturday was the loan's banner day," the General stated. "Official figures—\$188,050—do not quite show this, but they do not include a number of investments made in the evening. It is a fact that each day of the drive has been better than the day preceding it."

Bond Team Visits Yarrow. A specially selected bond team, under the leadership of J. B. Warkner, operated at the big plant of Yarrow Limited at Esquimalt this morning. A number of bondholders, including Gypsy Smith, addressed the workmen and showed them the advisability of investing their savings in bonds. A canvass of the employees, who subscribed to the 1918 loan so generously, secured excellent results.

E. G. Prior & Co. Invest \$20,000. During this morning's canvass C. G. S. Duncan, a returned soldier, secured an application from E. G. Prior & Co. Ltd. for \$20,000 worth of bonds.

"We are off again," F. W. Down, Publicity Chairman, observed this morning. "After the week-end rest, all the canvassers and workers reappeared this morning, filled with a determination to finish the first part of the job by the end of this week. This refers to the obtaining of the amount necessary to secure an Honor Flag, viz., \$5,200,000, this being Victoria's allotted quota. And then we are going on to our objective, which is \$5,000,000."

"The organization is now working like a chess, and from the publicity standpoint in particular much gratification is felt at the increasing amount of support which the Publicity Committee are locally receiving from advertisers, merchants and others. Victoria, similarly as on the occasion of the last Victory Loan, will again keep faith. Everyone is behind General Clark, the genial and popular chief, and his success is confidently predicted."

(Concluded on page 4.)

NEWFOUNDLAND HAS GENERAL ELECTION

Results in Many Districts Expected to Be Close

St. John's, Nfld., Nov. 3.—Newfoundland's general election postponed from 1917 because of the war was held to-day. The results will not be known for several days, owing to delays in gathering returns from distant coast districts. The Government party, led by Sir Michael Cashin, who has been Premier since last May, was opposed at the polls by a new organization headed by R. A. Squires, and embracing the Fishermen's Protective Union. Close contests were expected in many districts.

Both the Government and the opposition parties had full tickets in the eighteen constituencies and there were several independent candidates.

GERMANY'S INTERESTS IN DIAMOND FIELDS Figure In Big Deal

London, Nov. 3.—A dispatch to the Exchange Telegraph Company from Johannesburg reports the purchase by an Anglo-American commission for £1,000,000 of all Germany's private and state interests in the diamond fields in what was formerly German Southwest Africa.

Some protests are expected over what is called the "secrecy of the deal" and allegations are made that the purchase was effected through undue influence in political quarters.

ALLIED MISSION ON TRADE AT PITTSBURG

Pittsburg, Pa., Nov. 3.—The British, French, Belgian and Italian trade missions arrived here to-day on a special train. It is stated, for the purpose of creating credits and buying commodities. The missions were accompanied by officers of the United States Chamber of Commerce.

SALT SHORTAGE IN FRANCE.

Paris, Nov. 3.—Salt has been added to the list of commodities lacking in France. Inadequate transportation facilities is declared to be the chief cause.

ROUMANIA TOLD MUST EVACUATE BUDAPEST

Paris, Nov. 3.—The Supreme Council to-day decided to send another note to Roumania, reiterating the request made of her in the notes delivered on October 17 by the British, French and American Governments but not delivered by any representative of the Italian Government. It has developed as a result of the failure of Italy to present the note at Bucharest the Roumanian Government failed to reply, saying it did not understand that all the great powers concurred in the note.

The Italian delegates in Paris have expressed surprise that the note has not been delivered, but the obligations have not been clear to the Supreme Council, which will again submit the note with the request that an immediate reply be made.

The note asks Roumania to evacuate Budapest, states that she will not be given additional territory, and requests that she name a member of the inter-Allied Commission which will pass upon amount of supplies taken from Hungary by the Roumanians.

Lack of co-operation among the Allies in dealing with Roumania is regarded by many of the delegates to the Peace Conference as responsible for Roumania's defiant attitude and it has been made clear by several of the delegates that the great powers must all co-operate in this situation or go on record within a few days as being opposed to bringing Roumania to terms.

FRANCE PAYS TRIBUTE TO DEAD

Graves of Fallen Heroes Decorated on All Saints Day

Paris, Nov. 3.—The first All Saints' Day after the war was the occasion to-day of notable tributes to the memories of those who had died for France in the great struggle. The cemeteries about the city were crowded with people covering with flowers the stones that had been raised in honor of the dead.

President Poincaré and the members of the municipal council paid visits to the cemeteries at Bagneux, Ivry and Pantin, where they placed wreaths on the various monuments. Wreaths were placed on the graves of soldiers of the Allied and Associated nations by representatives of the Government and of many patriotic associations Saturday. A bronze palm was laid on the grave of Quentin Roosevelt by a deputation of women representing the society known as "The French Idea Abroad."

In Belgium.
Brussels, Nov. 3.—For the first time since the war, the Belgians Saturday commemorated the death of their fallen heroes. All Saint's Day was celebrated with great pomp in Brussels. Burgomaster Max deposited flowers on the graves of Belgians, Canadians, French and Russians. Wreaths also were deposited on the grave of Van Campenout, the composer of La Brabançonne, the Belgian National Anthem.

STRICKEN ON TRAIN.

Winnipeg, Nov. 3.—Mrs. Lillie Christie, of Renfrew, Ont., on her way to visit her friend, Mrs. Molgren, Macdowell, Sask., was taken from a train here on Wednesday, stricken with apoplexy, and died at the hospital yesterday.

PLEGED TO DEFEAT UNION GOVERNMENT

United Veterans' League in Toronto Condemn Report on Re-establishment

Toronto, Nov. 3.—At a meeting of the United Veterans' League in Massey Hall, yesterday afternoon, a resolution was passed condemning the report of the soldiers' re-establishment presented to the House of Commons by its chairman, Hon. J. A. Calder, declaring that it "discloses the most flagrant and pitiless disregard of the rights and necessities of returned soldiers upon the question of gratuities, and whereas, the report, are but idle subtleties of an already discredited Government to evade its obligations and responsibilities to returned soldiers and the financial inability quoted in the said report is designedly inaccurate and untrue, and whereas, the Rt. Hon. Sir R. L. Borden, through the Minister of Justice, stated the question of gratuities would not be considered by the Committee, the bad faith of the Government in permitting the taking of evidence upon gratuities is established conclusively, therefore, be it resolved, that this meeting pledges itself to encompass the defeat of the Government and every member of Parliament who speaks or votes in favor of the adoption of the report."

Keeps Children Well Makes Them Robust

HERE IS GOOD ADVICE FOR THE HEAD OF EVERY FAMILY.

Rapid growth, work at home and in the school-room, are sure to tax the strength of every child, and often prove the beginning of a chain of weaknesses that last through life. Give your sons and daughters a fighting chance! Give them good home surroundings, fortify them with education—but above all else do everything possible to insure for them perfect health in years to come.

In no way can you do this better than by insuring a chain of health so surely established in the concentrated nourishment in Ferrozone that enables it to do so much good. It contains the very elements that are needful in building up bone and sinew, in vitalizing and strengthening the blood. The appetite Ferrozone brings will gladden any parent's heart, and when color, spirits, vim, and energy increase day by day then you know what grand work Ferrozone is doing. Because it makes and keeps you healthy, because it is pleasant, harmless and sure to do enormous good—you and your children should use Ferrozone every day. Sold by all dealers in 50c. boxes, six for \$2.50, or direct by mail from the Cattaraugus Co., Kingston, Ont.

PRINCE ATTENDED DIVINE SERVICE AT MONTREAL CHURCH

Montreal, Nov. 3.—The last public appearance of the Prince of Wales, save at the railway station on leaving the city was during the service at Christ Church Cathedral here yesterday morning. The Prince and his suite, including Major-General Sir H. Burrell, Commander Newport and Lord Claud Hamilton, were met at the portal of the church by a procession of clergy in which were Rev. Dr. Simonds, the vicar; Rev. H. Fricker and Chancellor Davidson.

The pew in which the Royal party sat was covered by a Royal Standard. Bishop Farthing preached the sermon, which dealt with the inter-church forward movement which the Anglican Church is about to launch. The church was packed; many persons having to stand and many were unable to gain admittance.

PILES

Do Not suffer with itching, bleeding, protruding Piles. No operation required. Dr. Chase's Ointment will relieve you at once and at a moderate cost. Write for a box; all dealers, or Dr. Chase's Ointment Co., Limited, Toronto, Ontario, will send you a box free if you enclose this paper and enclose 25 cents to pay postage.

CARDINAL SENDS FAREWELL MESSAGE

Primate of Belgium Thanks American People for Assistance

Quebec, Nov. 3.—Cardinal Mercier, primate of Belgium, boarded the steamer Megantic for Liverpool Saturday, after being given a civic reception.

Cardinal Mercier sent a farewell message to the people of the United States, in which he said in part: "I have learned to admire the American people. I have learned to have a lasting tie of mutual sympathy and confidence has been established between your country and mine, that it will endure for generations to come. If the calamities of this great war and the bitter sufferings which it entailed for our people have brought one bright thought, it is this bond of union between us."

"Once more, my dear American friends, let me explain to you my heartfelt thanks for the wonderful assistance which you gave to Belgium during the war. "Let me thank you again for the generous way in which you have responded and are responding to my appeal to help me once more in the heavy tasks of social and moral reconstruction, in combating the devastating effects of radical socialism and Bolshevism, which await me at home, tasks which are related closely not only to the welfare but to the very existence of my people, even though they themselves in this period of unrest and resentment may not fully realize it."

"The world, I know, seems to have these difficult and unsettling problems before it everywhere. And yet I have the profound conviction that justice and right will, when given their hearing, solve these problems of unrest and measurably reconcile the differences of man. It is my duty, I know, to work to this end. I pray you, my dear friends, to do likewise."

Greeted by Mgr. Roy.

Cardinal Mercier was the guest of the city of Quebec Saturday until he left to board the Megantic to return to Belgium. The entire city was gaily bedecked with flags, the papal colors predominating in honor of the distinguished visitor, and as he entered the Union station he was met by Mgr. Roy, auxiliary Bishop of British Columbia; Mayor M. Lavigne and others, by whom he was escorted to the cardinal's palace.

He officiated at a pontifical high mass at the Basilica Saturday morning, the Feast of All Saints, and at the conclusion of solemn service, addresses of welcome were presented him by His Eminence, Cardinal Bégin, Archbishop of Quebec. The church was crowded with persons who followed with deep attention the reply of Cardinal Mercier to the greetings of the clergy of Quebec. At 4 o'clock Saturday afternoon an official reception by the Province and city of Quebec was tendered to the distinguished prelate.

FAITHFUL SPANIEL HELPS TO LOCATE REMAINS OF MASTER

New Westminster, Nov. 3.—Led by a faithful spaniel which had kept lonesome vigil, a searching party yesterday morning came upon the remains of J. B. Coates, a prominent man of this city who went hunting a week ago and had not been seen since. Coates apparently lost his way and, becoming exhausted, perished in the first snowstorm of the year. His dog after nearly a week left the body of his master and went forth to get something to eat. Upon being fed at a house within 300 yards of where Coates lost his life the dog went into the bushes again being followed by searchers who were directed to where the body lay.

PURLOINED OVERCOATS HELD DETECTIVES AT BAY WITH REVOLVER

Toronto, Nov. 3.—Arthur Freeman, accused of the theft of two overcoats, was held off Detective Cronin with a revolver in the King Edward Hotel here Saturday afternoon and made his getaway from the hotel. Freeman still carried his revolver when being pursued and was not captured until other detectives had joined in the chase and some shots had been exchanged in his direction by one of his pursuers. Considerable excitement was caused in the King Edward Hotel by the display of the "gun."

COLLEGE STUDENTS EXTENDED ROUSING WELCOME TO PRINCE

St. Anne's, Que., Nov. 3.—Students of Macdonald College yesterday gave the Prince of Wales an old-fashioned, very informal, and after he had responded briefly to Principal Harrison's speech of welcome, the Prince held a reception in Convocation Hall, students invading the platform to shake hands while they sang songs and repeated the school yell. Fully half the students are girls and their participation in the proceedings lacked nothing in noise and enthusiasm. When finally the Prince left the platform, he was lifted to the shoulders of the boys who carried him through the college to his automobile. After a drive about the grounds the Royal party spent an hour in a friendly visit to the Military Hospital where the Prince was a welcome visitor to wards and officers.

FOREMAN MAHONEY SAYS HE BELIEVES IT SAVED HIS LIFE

Never Expected to Get Out of Bed Again; Now Back at Work

Many wonderful endorsements have been given Tanlac, but the statement made October 25th by James Mahoney, of 22 East 15th St., Los Angeles, Cal., is so remarkable as to be almost incredible. Mr. Mahoney, however, is a man of unquestioned integrity, and has been foreman at the Richards-Naustadt Construction Co., ten years. His neighbors have corroborated his remarkable statement in every detail, and will do so again if called upon.

"It was being talked among my friends," said Mr. Mahoney, "that I was going to die and I don't believe anyone ever had a much closer call. Closely following an injury to my back, caused by lifting some steel last July a year ago, my whole system seemed to give way. My stomach commenced hurting me terribly, and I suffered from gas and indigestion. There seemed to be a lump in my stomach, and I could not eat a thing without intense pain afterwards. My appetite left me entirely and I got so weak I could not even lift ten pounds. Then I became constipated and my kidneys got out of order and disturbed me so at night I could not sleep sound. I was in misery all the time, and so weak I could not lift my feet to go up the steps. I could not straighten up for the pain in my stomach. Before these troubles started I weighed one hundred and forty-five, but dropped down until I weighed only sixty-five pounds, and if there was ever a living skeleton I was. I could hear my friends, who came in to see me, say, 'Poor Jim, he can't last much longer,' and I made no hope myself of ever getting up. In spite of all that could be done I kept getting worse. That lump like feeling in my stomach seemed to get larger, and the pain more intense. Finally I was told nothing more could be done except to operate, and I was too weak to stand that."

"One day a friend, who had been coming to see me often, told me how Tanlac had helped his daughter and urged me to try it. At first I refused, as my wife was opposed to anything except prescribed medicines. But one day this friend offered to go and get me a bottle of Tanlac with the understanding that no one else knew about it. Well, I started taking it, and by the time he brought me the third bottle I was feeling better. I stopped everything else, kept taking Tanlac and slowly improving. I soon noticed the pain in my stomach easing up, and that lumpy feeling began to leave. I got to eating something and then commenced getting back my lost weight and strength. I kept taking it until I used twenty bottles, and as a result I am in better shape than I was for years—even before I was taken sick. I now weigh one hundred and thirty pounds, so you see my weight has exactly doubled. I am working every day, and can do the heavy lifting just the same as I ever could. I am not bothered any more with my kidneys or constipation, and I sleep like a top every night. My food tastes good, and my appetite is simply fine. My wife now thinks just as I do, that Tanlac is the greatest medicine in the world. I will praise it as long as I live, and I never expect to be without it."

MASQUERADERS KILLED WHEN RAILROAD TRAIN STRUCK AUTOMOBILE

Woodbury, N. J., Nov. 3.—Eleven persons were killed, and more than twenty injured late Saturday night, when a Pennsylvania railroad train struck an automobile loaded with Philadelphia masqueraders, at a crossing near Clarkboro, eight miles from here. The masqueraders were on their way home from Billingsport after a night's frolic. It was said there were thirty-five persons in the party, and that only one escaped injury. Several so seriously injured that it is believed they will die. The accident occurred in a driving rain.

WONNIEG POLICE MAKE LIQUOR RAID

Winnipeg, Nov. 3.—In a police raid on Saturday night on the premises of the Sletrover Brothers, a barrel of sixty gallons of Scotch whisky was found. The fine oak cask seemed to have come from Scotland. There also were thirty-five dozen bottles there ready to contain the liquor.

Getting Too Fat? Try This—Reduce

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist (or if you prefer write to the Marmola Co., 84 Woodward Ave., Detroit, Mich.) for a large case of Marmola Prescription Tablets. It is the price the world over. By doing this you will be safe from harmful drugs and be able to reduce two, three or four pounds a week without dieting or exercise.

LEADERS OF STRIKE AT SEVILLE ARRESTED

Seville, Nov. 3.—All the leaders of the workers' unions which went on strike Friday have been arrested on the ground that they declared a strike without first having given the employers notice of such a move. A strike of farm laborers has begun in the Provinces of Seville and Cordova. The clerks in the city of Seville have struck for an increase in wages. The strike of bakers and builders continues.

OFFICIAL OF MILITIA DEPARTMENT KILLED

Ottawa, Nov. 3.—E. E. Lemieux, superintendent of printing and stationery in the Militia Department, was killed Saturday when a low telegraph wire swept him off a wagon near Petawawa Camp. He fell to the ground, and the wheels of the vehicle passed over his body. He had been forty years in the Department and was on an annual hunting trip.

CUT IN WAGE SCALE BRINGS THREAT OF STREET CAR STRIKE

London, Ont., Nov. 3.—At a meeting Saturday night London street railway employees unanimously decided to strike unless the company added the six cents an hour to their wages which the company removed Saturday. The cut in wages followed the quashing in court the increased fare by-law.
An employees' committee will meet company officials for further discussion.

FORTY KILLED IN COPENHAGEN CRASH

Copenhagen, Nov. 3.—Forty-one persons were killed and a large number injured in a collision between an express train and another train Saturday night, near here. Five of the six coaches of the express train rolled down the embankment after the collision.

CALGARY VETERANS RESOLVE TO FORM POLITICAL PARTY

Calgary, Alta, Nov. 3.—A huge mass meeting of veterans held here yesterday afternoon gave severe denunciation of the report submitted by the parliamentary committee of the Commons on the gratuity proposals, and passed a resolution favoring the elimination of the political clauses.

PLAIN FOOD

is transformed in a moment, takes on a new deliciousness, becomes savory and appetizing the moment you add a little

LEA & PERRINS SAUCE THE ORIGINAL WORCESTERSHIRE Adds zest to food.

from the charter of the veterans, thus giving the opportunity of forming a political party, such action they deemed being now necessary if the Commons finally refuses the gratuities.

BOARD OF COMMERCE TO SIT AT OTTAWA

Winnipeg, Nov. 3.—A temporary arrangement whereby terminal elevator companies will undertake to furnish screenings to Canadian buyers at a fair price, pending the final disposition of the whole question at a sitting of the Board of Commerce in Ottawa on Tuesday, was announced at the session of the Board here on Saturday.

Testimony of F. Symes, Government Inspector at Fort William, and George Riegger, of Minneapolis, will also be taken there.

NAVAL APPOINTMENT.

London, Nov. 3.—Announcement is made of the appointment of Vice-Admiral Sir Trevylyan Napier as commander-in-chief of the North American and West India naval station.

OPENING OF NEWEST DEPOT DUAL EVENT

Official Inauguration of Another Daily Trans-Continental Railway Service

Vancouver, B. C., Nov. 3.—Steaming slowly into the new Canadian National Railway's palatial new million dollar station here at 8 o'clock on Saturday night, No. 1 from Winnipeg marked two great events in the history of the Canadian West. First and foremost, it marked the official inauguration of another daily trans-continental passenger service for Canada, and also it saw the official opening of a handsome station for the coast city, situated on reclaimed land. The station and terminals are built on what was once the upper end of False Creek, an inlet of the Pacific which cuts a waterway through the city.

When the train steamed in it was welcomed by a large gathering of Vancouverites, headed by Mayor R. H. Gale, who made a neat speech of welcome. In the welcoming party also were H. H. Melanson, of Toronto, passenger traffic manager of the system, and R. Creelman, of Winnipeg, his chief assistant, who had arrived the previous day in Vice-President MacLeod's private car.

The official inaugural train, which left Winnipeg Wednesday night, besides the usual passenger coaches, carried a special party of Canadian National passenger agents covering the territory from the eastern Manitoba boundary right through to the coast, and also a number of newspaper representatives of the four western provinces. The party was headed by C. W. Higgins, advertising agent of western lines, and the other railway officials were: W. Stapleton, district passenger agent for Saskatchewan; R. F. MacNaughton, city agent for Regina; J. Madill, district agent for Alberta; J. H. Norton, city agent for Calgary; F. Creighton, city ticket agent for Winnipeg.

After the arrival of the train the Vancouver aldermen, civic officials and visiting and local newspapermen were the guests of the railway officials at an informal banquet. Brief addresses were made by Mayor Gale, on behalf of the city; Mr. Melanson, for President Hanna; John Nelson, for the Vancouver press, and J. E. Waddell, of Calgary, for the visiting newspapermen.

PRINTERS' STRIKE AT SASKATOON SETTLED

Saskatoon, Sask., Nov. 3.—Through the mediation of Mayor F. R. MacMillan a compromise was effected between the striking printers and the publishers Saturday and the strike, after a few hours' duration was settled. Under the agreement the typists will receive \$42 a week for day work and \$45 for nights. They originally demanded \$45 and \$48 a week. There was no suspension of publication by the newspapers as a result of the walkout, although the local evening paper did not go to press yesterday until nearly midnight.

DAD! YOUR HAIR IS FALLING FAST

"Danderine" Will Check That Ugly Dandruff and Stop Hair Coming Out

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Soon every hair on your scalp shows new life, vigor, brightness, thickness and more color.

NOT DETERRED BY COLD.

Paris, Nov. 3.—Notwithstanding the snow and cold weather, reports reaching Paris from the Provinces, say large crowds attended the ceremonies held Saturday to honor those who died on the battlefield.

LETTERS

Letters addressed to the Editor and intended for publication are short and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

DISPUTES LT. GREIG'S CLAIM

To the Editor—I would be glad if you would grant me space in answer to Lieut. Greig's claims as set forward in The Times of October 31, 1919.

First of all, from where does Mr. Greig get his idea that he has been successful in procuring for the Royal Air Force and other Imperials the grant of \$9,000,000?

Does Mr. Greig jump to the conclusion that he has been successful in gaining this gratuity when the British and Canadian Governments were favorably considering the matter as far back as December of last year or possibly earlier?

It is interesting to know the number of R.A.F. men Mr. Greig speaks for. One wonders what the local branch of the Aerial League thinks of the matter.

The Aerial League has a membership in British Columbia alone of over 700 airmen and I think I will be safe in saying they have not yet made a murmur about this gratuity. The \$9,000,000 grant is only a proposal and has not been definitely settled yet and will come up in the next session at Ottawa. I am not criticizing the work of the Air Services Association of British Columbia; on the other hand, it is working for a just cause, but I contend this claim is incorrect.

EX-R.A.F. PILOT.

GARBAGE DISPOSAL.

To the Editor—"A Citizen" has a letter in The Times regarding "Garbage Disposal."

There does not appear to be any official to point out where the Garbage Scows shall be emptied, the result is that these scows are unloaded quite near the entrance to the Harbor. From the Outer Wharf to Battery Street large quantities of objectionable material has drifted ashore during the summer, much to the inconvenience of the would-be-bathers. Much, if not all, of this material should have been consumed in the City Incinerator furnace which is located near where the scows are loaded.

Persons trolling for salmon have frequently complained about the large quantity of floating rubbish covering the water near Brothie Ledge. All this material would burn, being mostly wood, and certainly should be burned and not taken to sea.

"ANOTHER CITIZEN."

Victoria, B. C., November 1, 1919.

CANADA LIFE SUBSCRIBES TEN MILLIONS TO THE VICTORY LOAN

"One of the first and largest subscriptions to the new Victory Loan is that of the Canada Life Assurance Company for ten million dollars. The subscription means that the Canadian Life will have included in its assets of \$70,000,000, more than \$20,000,000 in Government war loans. The annual income upon this large amount is considerably over \$1,000,000 and will be a source of dividends to policyholders.

A message to the policyholders of the Canada Life recently raised the following interesting questions:

"Do you pay life insurance premiums in the same spirit you pay taxes? If so, consider this:

"Almost immediately your premium reaches the home office of the Canadian Life it is invested in some safe, interest-bearing security like Victory Bonds, first class farm mortgages or municipal bonds. These investments are held as security to guarantee that your policy will be paid when it matures or become a claim.

"In other words, you have indirectly made a high class investment with this important distinction: "The Canada Life (with over \$70,000,000 assets) guarantees that should you die before you pay another premium, the amount of your policy, \$5,000, \$10,000 or more, will be paid to your estate, your family or other beneficiary.

"Is there any better investment in the world?"

ROBBED OF MONEY; HANGED HIMSELF

Winnipeg, Nov. 3.—Ignace Gimbeay, a native of Austria, aged fifty, had saved the sum of \$1,300 for his wife and daughter in Bukovina since the war. Last week he was robbed of this sum, which he carried on his person, and on Saturday he hanged himself in a stable near where he worked as a laborer.

HUNTING TRAGEDY.

Alvinston, Ont., Nov. 3.—While out hunting yesterday afternoon, two boys were killed. Russell Barnes was accidentally shot by his chum, John Horespool and instantly killed. Horespool, in the excitement and remorse over the accident, shot and instantly killed himself. Corporal Howell, of Walford, decided no inquest was necessary. The boys were about sixteen years old.

When you save your money and invest in Victory Bonds you are laying a safe foundation upon which to erect the fabric of a successful career.

German Intrigue in Russia To-day

Financing Bolshevism.

By C. E. Bescherer in The London Daily Chronicle.

M. Gregory Alexinsky, the well-known Russian Socialist, one of the members of the Duma who were exiled to Siberia on a notorious occasion, and the author of several standard books on Russian affairs, who has recently escaped from Bolshevist Russia, has given me some remarkable instances of the means by which Germany is endeavoring to secure a strangle hold upon Russia.

I mention his name, since nobody will presume to suggest that he is either unreliable or incompetent to tell the truth about events in Russia to-day.

His evidence, of course, only corroborates what has already reached England by other channels. So far as the present controversy about Russia is concerned, he made the interesting statement that "Mr. Churchill is doing more for the cause of Russian liberty to-day than all the English and French organs of Liberalism and Labor."

But I will confine myself here only to what he told me about Germany.

First of all he pointed out that Krasin, the Bolshevist "People's Commissary" is charge of industry, is the old manager of the German firm of Siemens-Schuckert, whose political activities in Russia (and other countries) before and even during the war are too notorious to need recapitulation.

Another "People's Commissary," this time in charge of the State Bank, is none other than a certain Furstenberg-Ganetsky, who became prominent during the war as the assistant of the German official Socialist propagandist "Parvus." That such a man, whose role as go-between between the German propagandist bureau and the Russian "defeatists" is no secret from anyone acquainted with Russian affairs, should now be virtually in control of Russia's economics is the clearest proof of Germany's designs upon Russia.

Let me give another example. There is an old scheme, often proposed but never before brought to fruition, to link up the Siberian waterways with the Murman Coast, the Baltic ports, and the great waterways of European Russia. This projected scheme of land and water communications is known as the "Great North Way."

\$2,000,000 for Propaganda Here. Quite recently the Bolshevists offered the concession for this enterprise to a Bolshevist painter, Borisov, and a well known Norwegian banker. The price was to be a cheque for two million pounds drawn on a London bank; this money to be used for Bolshevist propaganda in England.

The Norwegian banker, who has interests in England and has in any

SMITH & CHAMPION THE BETTER VALUE STORE
1420 DOUGLAS ST. NEAR CITY HALL

between Russia and Germany, and he proposes the formation of a huge organization of banks, manufacturers and business firms to exploit Russian Asia, leaving European Russia, which is much poorer and over populated, as a sop for the Russians themselves. He points out that Russia is so exhausted that it cannot recover itself economically with foreign aid; this should take the form of both financial and technical assistance—German, of course. Thus:—
"For the first time in history the solidarity of British sea power, which for centuries has created the mastery of the world by a uniform concentration of all its powers in one direction, will be opposed by the equally comprehensive and equally powerful uniformity of our overland policy."
The control of Siberia will also give Germany an easy means of approach to India, says Herr Daya, in the event of future hostility between England and Germany!
Well, the cat is out of the bag now, and anyone who still doubts that the Germans are merely waiting for the Allies to stand aside in order themselves to capture Russia, must go against the evidence of his senses.
The Russian people in Soviet Russia cannot throw off the Bolshevist rule which they detest, because, like the Belgians under German occupation, they have no arms with which to make their opposition effective. But the Germans have arms. The moment they see the coast clear they will overthrow the Bolshevists and use the gratitude of the Russian people to obtain all the economic concessions and control upon which the hope to establish a Germanized Asia.

CULTIVATE VACANT LOTS.

Just as soon as an official proclamation declaring the conclusion of peace has appeared in The British Columbia Gazette the Greater Food Production Act of 1918 will die a natural death. In other words, all permits for the cultivation of hitherto unsightly and unproductive vacant lots automatically will expire and unless some arrangement be entered into between the owner and the cultivator there will be no law to compel production from such land.

The Act, it will be recalled, conferred upon Municipal Councils the power to make available for food production purposes any unused arable lands lying within municipal boundaries. The plan worked exceptionally well from the commencement and Victoria ran out at the top of the list. Out of 3,433 vacant lots cultivated throughout the Province this city took the palm with 1,091. Saanich set the pace for suburban centres with 348.8 acres, or ten per cent. of the whole urban and suburban area cultivated in the Province.

During the year there were 3,233 acres brought under production; 26,747 tons represented the volume by weight, while the commercial value reached \$869,240. To have transported the whole a freight train of 1,486 freight cars, and eleven and a quarter miles in length, would have been required.

It will be admitted that legislation of this character was a product of abnormal circumstances. A world food shortage demanded action, not only for the replenishment of the national larder, but also as a means of stabilizing prices of the commodities of life. British Columbia did her part, although she is still a long way from the point where she can feed herself. Prices for garden produce are still high, and there is no immediate prospect of relief unless there is anything in the evidence accumulated by the Board of Commerce that will suggest a downward tendency.

In view of these facts and the knowledge that under the most favorable circumstances British Columbia will not be able to feed herself for some time to come, it would be a pity if the obvious benefits derived from the Greater Food Production Act are to be merely temporary. Under the same conditions, however, there is no reason why she should not use her war-time legislation and endeavor to adjust the adverse balance.

While those energetic gardeners who made untidy lots into healthy gardens responded to the need from a sense of duty, they must have derived sufficient satisfaction from the discharge of their tasks to desire a continuance of the policy. It is to be hoped, therefore, that some movement will be got under way, before the Legislature meets early in the year, leading to a re-enactment of the Act which will expire when peace has been declared officially.

CANADA'S WHEAT CROP.

The preliminary estimate of Canada's wheat crop by the Dominion Bureau of Statistics shows an increase of 15,700,000 bushels over the production of 1918 the respective totals being 204,749,800 and 189,075,850. In the Prairie Provinces, the report states, the dry weather of June and July shortened the growing period and resulted in one of the earliest harvests on record. As a consequence of the drought, a large proportion of the areas sown in the West to wheat, oats, barley and rye proved either totally unproductive or was cut green. Crop correspondents throughout Canada were asked to return at the end of August their estimate of the percentages of the areas sown to these crops that were entirely unproductive or were cut green; but it is only in the Prairie Provinces that substantial percentages were reported as unproductive. These percentages range from 5 to 10 up to as much as 28 for wheat and 30 for oats in Alberta and 42 for rye in Saskatchewan. Of the total wheat crop for 1919, 22,875,800 bushels are fall wheat and 181,874,000 bushels are spring wheat. The estimated total yield of oats is 388,380,000 bushels, as compared with 426,312,500 bushels in 1918; of barley the total is 67,542,000 bushels, as against 77,287,240 bushels in 1918; of rye the yield is 8,297,500 bushels, as compared with 8,504,400 bushels in 1918, and of flaxseed 7,368,000 bushels, as against 6,055,200 bushels in 1918.

The estimated total production of wheat in the three Prairie Provinces is 167,836,400 bushels, as compared with 164,436,100 bushels in 1918. In Manitoba the total yield of wheat for 1919 is 42,509,100 bushels as compared with 48,191,100 bushels in 1918; in Saskatchewan 88,221,000 bushels, as against 92,493,000

bushels in 1918, and in Alberta 37,106,300 bushels, as against 23,752,000 bushels in 1918. Oats yield 241,068,000 bushels in the three Prairie Provinces, as compared with 222,049,500 bushels in 1918; barley 47,946,000 bushels, as against 47,607,400 bushels; rye 6,009,000 bushels, as against 6,181,700 bushels, and flaxseed 7,117,000 bushels, as against 5,776,000 bushels.

MERELY A SUGGESTION.

Perhaps there would be less risk of offending the susceptibilities of some, if certain of our speakers took more pains in the use of the words "British" and "Canadian." In some instances rather unnecessary emphasis has been laid on the two terms used together. "As Britishers and as Canadians" is not the happiest form of expression, for it implies a dividing line in Canadian citizenship which, of course, does not exist. The citizen of Canada who came from the Old Land is as much a Canadian as the native born.

THE FAMILY BUDGET.

According to the October number of The Labor Gazette, issued by the Dominion Department of Labor, the cost of the average Canadian family's weekly budget of staple foods in September showed a slight decline under the weekly budget cost in August, the figure being \$14.33 against \$14.45. The principal reductions recorded are in meats and potatoes. On the other hand dairy products and sugar were higher in September than in August, but the difference was not great enough to counteract the decline in meat prices in the Department's estimate.

The cost of the weekly budget of staple foods with fuel, rent, laundry and lighting, however, shows only a cent to the good for September, the total being \$22.88 against \$22.89 for August, fuel and rent showing decided increases. It is altogether probable that if we took into consideration the comparative costs of other necessities such as clothing which are not enumerated in the Department's report, the favorable margin of September over August would disappear.

British Columbia headed the list in the family budget cost of staple foods, the total here being given as \$14.81. Ontario came next with \$14.45. Manitoba and Nova Scotia ran abreast with \$14.36, while Saskatchewan was fourth with \$14.21, and Alberta fifth with \$14.18. These estimates are based upon the average prices of sixty cities in Canada and are useful merely as indications of general conditions in respect of the items contained in them. There is so much, however, that they do not contain that there would have to be a radical difference in the totals to justify the belief that up to this time, at any rate, the cost of living has begun to show an actual downward trend.

AN INEFFECTIVE INJUNCTION.

The order of the United States District Court of Indianapolis enjoining the head officials of the United Mine Workers of America from participating in a strike at this time did not prevent the walkout. On the contrary, it probably made the strike more extensive than it otherwise might have been, for it must have hardened the determination of many against the possibility of compromise. Moreover, recourse to the courts came too late in any case since the word to strike already had gone forth, and the mere fact of the officials of the United Mine Workers being restrained from taking an active part themselves could not possibly have altered the effect of the order. The result of this drastic move has been to inject a new issue into the fight and one which no doubt will be regarded by organized labor throughout America as of infinitely greater importance than the actual cause of the difference between the coal mine operators and their employees.

WINNIPEG WANTS BEN TILLET.

Officials of the Winnipeg Trades and Labor Council have invited Ben Tillet to address the people of the Prairie Capital in aid of the Labor Party's civic election campaign. Mr. Tillet is at present in Washington as one of the British delegates to the International Labor Conference.

At one time British Labor looked to Ben Tillet and one or two of his colleagues to supply all the fireworks. Particularly noteworthy were some of Ben's speeches on Tower Hill, where on one particular occasion, we recall, he held a great mass of London's organized toilers spellbound in a drenching rain for nearly two hours. He was regarded as an extremist of his type with a natural plausibility that elevated him to a high pinnacle in the profession of an agitator. But the war came and he went to France. He saw for himself what obligation rested upon labor in view of a national danger from a foe to his own ideas and his country's institutions. He returned to England and spoke his mind. Throughout the war he did not play false to his tenets; but he realized that, first of all, it was necessary to make sure that he could build a future programme on a British foundation. Hence, all his eloquence and sincerity went into the balance in favor of more output from all war industries, so that the job of defeating the enemy could be made complete.

These are facts well known to the Winnipeg Trades and Labor Council. On that account its officials will not expect anything from Ben Tillet that would figuratively pat on the back the promoters of the recent strike. We venture to suggest, moreover, that Tillet knows more than enough to avoid even the fringe of Canadian politics.

THE EMPRESS HOTEL

107th November, 1919

BALL In Honor of Lord and Lady Jellicoe

And the Officers of H. M. S. New Zealand

Tickets, \$5.00 each, can be obtained of the Ball Secretary, Room 222, Pemberton Building; Mr. H. H. Rowley, Upper Bank, Victoria; Mr. E. Savage, Duncan, and Mr. E. Marshall, Nanaimo.

DRURY READY TO FORM CABINET

(Continued from page 1)

On leaving the grounds of Government House, Mr. Drury was held up by a troop of press representatives and photographers. To the former he reiterated his intention of forming his Cabinet entirely from the U. F. O. and Labor members. There would be two of the latter in the Cabinet, he said, one as secretary of the Department of Labor, and the other still to be decided on.

Mr. Drury will leave for his farm near Barrie to-night, according to his present plans. This afternoon he is holding various conferences and interviews in regard to selections of his Cabinet. In interviews yesterday, Mr. Drury is reported to have said that he would go outside the Farmer-Labor ranks for a Minister of Education, as well as for the Attorney-General. The unofficial Cabinet makers are to-day making many guesses as to the probable makeup of the Government, but Mr. Drury is so far as given out, keeping his own counsel.

PRESIDENT WILSON OFFERS TO ARBITRATE IN BIG COAL STRIKE

(Continued from page 1)

vania and West Virginia fields and that nearly 20,000 union miners were working in Kentucky under contracts signed recently.

Order Observed
 Union leaders who were temporarily restrained by the Federal court at Indianapolis last Friday from further activity in the strike have observed the order, but whether plans have been discussed regarding a modification of the strike order was a matter of conjecture to-day.

John L. Lewis, acting president of the United Mine Workers of America, who spent Sunday at his home in Springfield, Ill., was to-day on his way back to Indianapolis.

Mr. Lewis, before his departure, said he was "non-committal" regarding a report that Samuel Gompers had suggested a plan to union leaders for settlement of the strike.

Federal troops to-day were in the mining regions of West Virginia, Tennessee, Wyoming and New Mexico under orders to preserve the peace. One company of the 32nd Infantry also was on its way from San Diego, Cal., to Utah for duty in the coalfields.

The National Guard of Colorado and Oklahoma has already been sent to the coal districts of those states, and several companies of state troops have been mobilized at Birmingham, Ala., in case their services are needed.

Industrial Commission
 Washington, Nov. 3.—Immediate steps for assembling at Washington an industrial commission to deal broadly with present turbulent conditions was suggested yesterday by the advisory board of the Brotherhood of Locomotive Engineers.

Deplored "attempts by Government by injunction" as a means of settling the coal strike, the Board, speaking for 85,000 members, declared injunction proceedings would make conditions worse "and defer, if not defeat, a peaceful settlement." The Board stood out for an Industrial Commission that would "recognize the rights of all citizens and not be pledged to oppose collective bargaining." Its statement, the only formal one being on the strike issued here during the day, was considered a direct outgrowth of the miners' walk-out, and was prepared after full and careful consideration of all questions leading to the break between operators and mine workers.

If you're going to economize, the coal bin is just as good a place as any to start, and the best way to practice coal economy is to buy the best coal possible—a coal that is long in life—free from waste matter and rich in energy—that's

associates were cheered yesterday by confidential reports, which were said to show a tendency in some districts to call off the strike. Some efforts were asserted to be making efforts to this end. At other places, however, the miners were reported apparently determined to stay out until their demands were granted.

Gompers' Suggestion?
 Washington, Nov. 3.—Labor officials declined to-day to discuss reports that Samuel Gompers had suggested a way of settling the coal

THE advent of Winter influences a keener interest in home furnishing matters, for more than ever the home will be the hub of family activities and pleasures. To aid you in this matter of making the home more attractive we have this week placed on our shelves some wondrously beautiful chintz, cretonne and shadow cloths—materials of exceptional beauty and quality that will make the daintiest drapings and furniture covers imaginable.

We cordially invite you to visit this department and inspect this interesting showing. Prices per yard range from \$1.00 to \$6.50. In the matter of plain curtain fabrics, such as reps, broadened draperies and both double and single faced velours, we have a most complete assortment of desirable shades and many exceptional values. The stock of curtain nets, and curtains also presents many choice designs and good values.

Victoria's Popular Home Furnishings WEILER BROS LIMITED You will do Better At Weiler's OPPOSITE POST OFFICE GOVERNMENT STREET.

strike. Mr. Gompers is in New York and other officers of the Federation said there was no one here to speak for him.

Reports were awaited by the Government from agents in the coalfields who had been directed to telegraph immediately all facts bearing on the attitude of the striking miners, and especially whether they showed a disposition to work.

In Michigan.
 Saginaw, Mich., Nov. 3.—Union officials and operators to-day expressed the belief that the 2,400 coal miners out in Michigan would not return to work until a settlement had been effected. Mine property is being protected by union crews in each of the fifteen mines affected.

Denver.
 Denver, Colo., Nov. 3.—Early reports received at the offices of the Colorado Fuel & Iron Company indicated that the company properties at Primor, Frederick and Berwind in the southern Colorado coalfield were operating to-day with reduced forces. The properties were kept closed Saturday by the company pending the arrival of troops.

Ohio.
 Columbus, Ohio, Nov. 3.—Coal mines of Ohio employing 40,000 union miners are closed and no attempt will be made to operate them until some agreement is reached and the strikers return to work, according to the operators' organization.

Deadlock.
 St. Louis, Mo., Nov. 3.—No plans other than those the miners refused to consider have been formulated by the operators to end the bituminous coal miners' strike, Thomas T. Brewster, chairman of the coal operators' scale committee announced to-day.

Mr. Brewster admitted negotiations between miners and operators appeared to be deadlocked. Emphasizing that the operators would support any further steps the Government takes to settle the strike, Mr. Brewster reasserted the mine-owners were anxious to re-open negotiations with the miners if the latter agreed to the operators' proposition that all differences be submitted to arbitration and that the men return to work pending the award of the Arbitration Board.

No General Strike.
 Chicago, Nov. 3.—John Fitzpatrick, national chairman of the steel strikers' committee, at a meeting of the Chicago Federation of Labor to-day, said there would be no general strike in support of the steel strike. His statement was called forth by an effort to introduce a resolution calling for a general strike.

"Not even the American Federation of Labor could call a strike of all workers," said Mr. Fitzpatrick. "That is up to the international unions. There is no hope or possibility that a general strike can be called. The committee in charge of the strike has discussed every angle of this matter, but I cannot tell you what our plans are now."

Pittsburgh District.
 Pittsburgh, Pa., Nov. 3.—No attempt was made by operators to work the coal mines in the unionized territories of Central and Western Pennsylvania to-day. Strike headquarters here claim 48,000 men are out in the Pittsburgh district and 40 per cent. of the unorganized miners are idle.

West Virginia.
 Charleston, W. Va., Nov. 3.—More than 300 non-union miners were operating in West Virginia to-day, according to advices from the offices of the West Virginia Coal Association. These mines have an annual output

NORTHWEST FARMERS ARE ALSO UNITING

Farmers of the central west are sending their high grade wheat south across the line into the United States and there selling it for \$2.70 a bushel, instead of taking the Canadian fixed price, which scales down to \$2.30 to about \$2.15 a bushel, according to William J. Gilliland, grain and crop expert and distributor of agricultural improvements, who has just returned to his home in Victoria.

Mr. Gilliland has been on the Prairies during the summer and fall, covering most of the important agricultural communities between Winnipeg and the mountains. The fact that they believe that they are not being permitted to get the full price for their grain because of the Canadian fixed price is combining the Northwest farmers for political action in the Dominion and Provincial fields similar to that of the farmers of Ontario, says Mr. Gilliland. They are jubilant over the Ontario result, and predict that they can achieve the same thing in the prairies whenever they are given the chance.

Mr. Gilliland says that the farmers are all predicting and preparing for a big drop in the prices of oats, rye and barley, which have reached stupendous heights compared with last year's figures and the restricted price for wheat. He predicts that this fall in prices will come with the close of navigation as it will shut off export

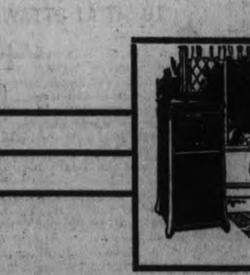

END OF FIRST WEEK SAW CITY THIRD OF WAY TO OBJECTIVE

(Continued from page 1)

"There is no doubt about it, General Clark is becoming very popular with the Victory Bond salesmen," one of the General's lieutenants stated to a Times representative this morning. "He is always on the spot when the boys gather in the early morning, then he drops in at intervals to see if the office staff want any cheering up, and then again at lunch he won't stay away, but mixes up with the crowd. It is no wonder that he was so popular with his men."

Calgary's Quota Passed.
 Calgary, Alta., Nov. 3.—Calgary passed its quota of \$2,250,000 Saturday night, with \$18,000 to spare. A tremendous effort by canvassers during the day raised the \$700,000 odd necessary to complete the allotment. The amount raised is practically the same as that raised last year in the first week of the campaign. The local committee is now setting a new mark of double the allotment by the close of the campaign.

Royal City's Contribution.
 New Westminster, Nov. 3.—Up to Saturday noon \$326,000 had been subscribed to the Victory Loan in New Westminster City.

A Re-Creation reproduced on the New Edison is only surpassed by the original voice of the artist. You are the judge and jury—hear—compare and decide for yourself. But be sure you hear a genuine New Edison.

**CANADA FACES
RACE EXTINCTION**

Dr. Ernest Hall Startles Child Welfare Convention in Vancouver

Illustrated by pictures that were startling to the uninitiated and bristling with astounding facts and figures, the address given by Dr. Ernest Hall of Victoria before the Child Welfare Association on Thursday afternoon, was one to occasion and encourage and stimulate in a great degree deeper investigation of social conditions on the part of all who were in attendance.

Bacon Before Babies.

"It is not pleasant to discuss the wages of sin," said Dr. E. Hall, in speaking on "The Relation of Social Disease to the Child," but for the education of the parents present he would like to crowd into one-half hour the experience he had gained in a half of a century. "France is waking up, the Mother Country has appointed a National Birthrate Commission, but with Canada hogs are still at a premium and bacon placed before babies, and will remain so until the Canadian public is awakened by a thundering cry of race extinction."

"Canada has been losing prospective citizens for the last twenty-five years at a rate greater than the total death rate of the war." This terrible loss occurred, according to the speaker, through vice and carelessness. In reading from the report of the British Royal Commission the speaker quoted Sir Rider Haggard to the effect that unless a great change happens, the western races will within two centuries be submerged by a more numerous race from the East. The body politic was suffering from a disease which was laid at the door of everything from poverty to poodelogs, but the real underlying cause were not touched upon in newspapers and colleges. The doctor declared that from his own experience—gathered in the hospitals, "nature's bookkeeper" and from authoritative statistics, the evil of what was "pleasantly termed social disease," is at the bottom of the misery.

Greater Than the Hun.

The greatest enemy that the Allies had to fight was not the Hun, but venereal disease. Not that the soldier was more immoral than the average man—the speaker was convinced to the contrary—but that the rigid examination of men from all classes of life revealed astounding facts to the public which medical men have known for years.

President Wilson had said the war was fought to make the world safe for Democracy. The speaker urged that the world be made safe for posterity. "We have no right to expend the vitality which belongs to our children. The visiting of the iniquity of the fathers upon the children unto the third and fourth generations does not extend to the fifth only because nature kills off the fifth. It is her way of teaching."

In giving statistics, the doctor stated as the experience of one medical authority that 92 per cent. of the operations upon women could be laid at the door of the scourge of our races. That blindness, rheumatism, heart disease, epilepsy and myriads of other evils were largely due to social diseases was corroborated by facts and figures.

"I have been twice denied the privilege of speaking before the teachers of Victoria," said Dr. Hall in giving an illustration of the lack of responsibility toward the child in the public of to-day. He urged parents to tell their children the truth of life and to do away with the false methods of handling the most vital of all subjects.

The remedy for prevalent evils, he concluded, lay in education, so that the children would not grow up in ignorance and "our people perish from a lack of knowledge."

Interesting Discussion.

In the discussion which followed, the questions were asked why the medical men, knowing the facts as stated by Dr. Hall, had not long since taken some action and had they ever tried to get any legislation which would prevent the spread of social disease. Dr. Hall answered that not within his knowledge had the doctors of Victoria or Vancouver tried to effect any such remedial measures.

Mrs. Walter Smith paid a tribute to the work of the women, who, she said, had been largely responsible for any legislation enacted and especially to the "independent woman voter" who had been largely instrumental in ushering in the franchise. Mrs. Borland blamed economic conditions for such of the world's trouble.

THE TREND OF THE TIMES.

"Why should we always speak kindly of others?" asked the Sunday school superintendent.

"Because the help will get mad and quit if you're not careful what you say," replied the small boy who had overheard his father.

GENIUS.

"Are you an expert accountant?" "Yes, sir," said the applicant.

"Your written references seem to be all right, but tell me more about yourself."

"Well, my wife kept a household budget for thirty days. One night after dinner I sat down and in less than half an hour found out how much we owed our grocer."

"Hang up your hat and coat. The job is yours."—Exchange.

IN WOMAN'S DOMAIN

Social Personal

The Gift Centre
November Birthstone, Topaz—Means "Fidelity"

John W. Price, of Toronto, is a guest at the Empress Hotel.

Mr. and Mrs. K. C. Macgowan, of New Westminster, are guests at the Empress Hotel.

Mrs. W. F. Brougham and Miss Daphne Brougham, of Vancouver, are visiting in Victoria for a few days.

Major C. L. Mewburn and Major George A. McHaffie, of Hamilton, arrived at the Empress Hotel yesterday.

J. W. Weart, M. P. P., has returned from a visit to the oil fields of Texas. He is enthusiastic regarding the development and future of the district he visited.

Mr. and Mrs. T. Young, 308 Lampson Street, announce the engagement of their daughter, Jessie, to J. W. Allanson, Kerrobert, Sask. The announcement of the date of the marriage will be made shortly.

Lieut.-Col. G. S. Foljambe, with his wife and daughter, who are on their way to New Zealand on the Niagara, plan to arrive here to-morrow, and will await the departure of the steamer.

The Ladies' Auxiliary of the Army and Navy Veterans plans to hold a concert and silver tea, in the men's rooms of the association in the Pen- erton Building, on Wednesday, between three and six in the evening. Mrs. A. E. Hodgins is convener.

Pte. Clifford S. Wilson, who left for service overseas in 1914, is back in the city, and is busy renewing old acquaintances. He is staying with his parents at 1442 Elford Street. Last February Pte. Wilson was married, and his wife accompanied him home.

At the monthly meeting of the Florence Nightingale Chapter, I. O. D. E., which is in progress this afternoon, Mrs. David Miller will give her report of the National Chapter meeting, which will be followed by a social hour, during which refreshments will be served.

The Foundation Swimming Club will hold its weekly dance at the Club House Wednesday evening. The affairs are very popular, and the conduct of the arrangements are excellent. Ozard's orchestra will be in attendance, and a real good time is assured. The club is planning to hold a masquerade ball in the near future.

The Women's Auxiliary to the Great War "Veterans" Association entertained the members of the latter organization to a delightful social at the Craigdarroch Hospital last Friday evening. A dance, conducted the evening's entertainment. The ladies who were responsible for the affair were Mrs. Lewis, convener; Mrs. Gibson, accompanist; Mrs. Pooley, Mrs. Jameson, and Messrs. Brown, Rev. L. A. Knight, and F. W. Ball, chairman.

At Breadalbane, the minister's residence, on Saturday evening, Captain the Rev. Dr. Campbell, officiated at the marriage of Trooper C. A. Collins, R.N.W.M.P., Esquimalt, and Miss Margaret Byles, of Victoria. The bride wore a travelling suit of navy blue serge. They were accompanied by Troopers Ernest G. Newham and Clifford S. Whyte, both R.N.W.M.P., Esquimalt. After a honeymoon trip Trooper and Mrs. Collins will reside in this city.

Capt. and Mrs. C. D. Neroutos, 362 Dallas Road, announce the engagement of their only daughter, Winifred Hazel, to Hubert Weyman Blenkinsop, son of the late H. W. Blenkinsop and Mrs. Blenkinsop, of Warwick, England. The marriage ceremony will take place at Christ Church Cathedral on Thursday at 3 o'clock in the afternoon, and friends of the contracting parties are asked to accept the announcement as an invitation to attend the ceremony.

Mr. and Mrs. Joseph Nelson, of Victoria, announce the marriage of their daughter, Miss Jeanette J. Nelson, to George W. Daley, of Cincinnati, Friday evening, October 24, at 10 o'clock, in the parlors of the New Washington. The service was read by Dr. M. A. Matthews, of the First Presbyterian Church, and only a few intimate friends were present. Mr. and Mrs. Daley have been guests at the New Washington for the past week, and will soon move to their home in the Broadway district.

Rev. W. H. Smith, Ph. D., who has resigned as minister of St. John's Presbyterian Church, Vancouver, commenced his work as principal of Westminster Hall Saturday. He succeeds Rev. Dr. Mackay, principal of Manitoba College. Rev. Dr. Caruthers has been appointed interim moderator of the church. A pupil supply committee has been appointed, and this committee will enquire into the standing of the available men for the vacancy and as soon as they have come to an agreement, will recommend to the congregation.

On Saturday afternoon, at Breadalbane, 1185, Fort Street, in the presence of intimate friends of the principals, a pretty wedding took place, when the Rev. Dr. Campbell celebrated the marriage of Walter Fletcher, R.S., son of Mr. and Mrs. Charles Fletcher, and Miss Anna Ruth Steele, daughter of Mr. and Mrs. Asa Steele, all of Victoria. The bride was accompanied by Mrs. Sarah P. Steele, with Mrs. Nellie Fletcher as matron of honor. The bride was given in marriage by her mother and she wore a smart travelling suit of dark blue serge. Mr. and Mrs. Fletcher left by the evening boat for Seattle and other Sound Cities, and on their return will make their home in Victoria, where both are well known and have a large number of friends.

BRISK DEMANDS FOR BALL TICKETS

Final Plans For Navy Ball to Lord and Lady Jellicoe Completed

Final preparations for the naval ball which will be given in honor of Admiral Viscount and Lady Jellicoe and officers of H.M.S. New Zealand on November 19, were completed at a meeting held Saturday by the committee in charge.

The arrangement which have been made and which were reported to the committee, foreshadow an affair on the same lavish scale as the ball to the Prince of Wales. Particularly encouraging to the Navy League was the information that a brisk sale of tickets for the ball was going forward. Reports from members of the committee make it apparent that the huge Empress Hotel ballroom, in which the affair is to be held will be filled to capacity. Members of the committee state those who desire tickets will have to make early application, as the number is limited to one thousand.

VICTORY DIAMONDS

Blue White and Perfect—the Gem Supreme.

We have scored another Victory in the purchase of a fine lot of perfect, blue white diamonds at a price that will maintain our prestige as diamond merchants. These stones will be mounted in the very latest settings for our customers. They're worth coming miles to see. Every day some purchaser comes from afar to see our magnificent display.

MANY MORE WOMEN MEDICAL STUDENTS

London, Nov. 2.—More than 2,250 women are studying for the profession of medicine in this country, and in the new session of the medical schools, which started in October, some hundreds more entered upon this career.

There are 1,200 women doctors in the country, but five years hence—the course occupies five years—one may expect twelve times that number. Fees are not high, but while living allowance for failures, though records show that among women the percentage of those who fail to qualify is lower than among men.

The average age of the new students is twenty-two. Many of them have been engaged in war work. Fees are so dear the cost of studying for the profession is prohibitive for many women, as they earn no money for five years.

To Address Women's Canadian Club—Rev. J. L. Batty will address the Women's Canadian Club in the Empress Hotel at a quarter past three to-morrow afternoon on "Canada As An Englishman Sees It." On account of the well-known eloquence of the speaker, a large attendance is expected.

MAIDS' CHARTER

English Domestic is One Long List of Requirements; Paid Holidays.

The programme of the National Federation of Women Workers (Domestic Workers' Section) includes a minimum for resident domestic workers of 12s. 6d. per week, or £2 10s. a month (£20 a year), rising according to experience; set meal hours; decent sleeping accommodation; allowance for laundry; two hours' free time each day, and half-day a week; 12 hours' day, including time off employer to supply uniform if required, and to pay for the cost of the washing; and 14 days' holiday each year, with full board and wages.

FAMOUS WOMAN APLINE CLIMBER ON COAST

Mrs. Annie S. Peck, famous mountain climber, has arrived in Seattle for a short visit. Mrs. Peck, who in addition to her achievements in conquering many of the world's highest peaks, is also an author and lecturer, and while here will speak at a meeting to be held by the League for the Preservation of American Independence on Monday, November 19.

Mrs. Peck is a member of the Royal Geographic Society, and has had an eventful career, first as a classical lecturer on archaeology and then as a mountain climber. She has climbed the highest peaks of the Alps and the Andes. She ascended the mountains of Mexico as far back as 1897, and in that year was received by President Porfirio Diaz. Among the peaks of South America, she climbed Mount Huascarán in Peru, 23,812 feet high, or 1,500 feet higher than Mount McKinley, and more than a mile higher than Mount Rainier. In recognition of this feat she was presented by the Peruvian Government with a gold medal and a silver sash in the form of a sash. On this trip she was attended by two Swiss guides, and during the descent the party nearly perished, one of the guides having both hands and one foot frozen.

Mrs. Peck was the first to ascend Mount Copacabana, 21,250 feet high. The ascent of this mountain took four weeks, during which time the party did not sleep in a bed, and three weeks of it in which none removed their clothes at night. Being an ardent supporter of woman suffrage, she planted a banner inscribed "Votes for Women" on the highest points of the Andes, which caused much wonderment to the Peruvians, who could not imagine womankind being placed on the same equality with men.

PIONEER WOMAN NEWS EDITOR

The Montreal Daily Star is the first important newspaper to appoint a woman news editor. Miss Isabel McCaw, who is still in the twenties, and returned from Serbia early this year, has been chosen for the post.

Miss McCaw was formerly a reporter on the paper, joined the Scottish Women's Hospital unit in the autumn of 1916, and was a member of the only British party that went up to Belgrade.

The Military Five Hundred drive held under the auspices of the West Saanich Women's Institute on Wednesday evening, was a great success. A large number were present. Those winning first prize were as follows: Misses M. Freeland and Gladys Lindsay; Messrs J. Osborne and G. W. Berry. Consolation: Mrs. Verdier, T. W. Walker, D. Prescott and Harry Murray.

Another of the popular drives will be held on Wednesday evening, November 12.

The Halloween Party held under the auspices of the Institute on Friday evening was a very enjoyable affair. Many were unable to be present on account of the rain, but those present were well entertained. The programme was in the able hands of a committee of young men mostly returned soldiers of the district, with Mr. Prescott as chairman; prizes were given for games, and a five-pound box of chocolates was raffled and won by Mrs. Verdier. Refreshments were served by the members.

Dr. Helen Ryan will address the next regular meeting on "Women's Institutes in relation to public health."

A bazaar and dance will be held in December at the Agricultural Hall, Saanichton.

Faint and Dizzy Spells Weakness and Shortness of Breath

Many men and women become rundown and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as MIBURN'S HEART AND NERVE PILLS.

Mrs. C. A. S. Drake, Paris, Ont., writes: "I have used on towards the second box of MIBURN'S HEART AND NERVE PILLS and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PRESENTATIONS TO MRS. JAMES WILBY ON EXTENDED TOUR

On Thursday evening over fifty of the officers and members of Queen City Chapter, O. E. S., of which order Mrs. James Wilby has been the secretary for the past two years, arrived at her home, 130 Montreal Street, at eight o'clock, in order to surprise and make a presentation to her of a very handsome gold wrist watch, prior to her leaving for an extended tour through the eastern cities of Canada and United States.

The gift was presented by Mrs. Dinsdale, assisted by Mrs. Jackson. The evening was pleasantly spent in playing cards and various other games, a dainty supper being served at midnight.

Mrs. Wilby was also greatly surprised, in having received on Thursday night last, a very handsome leather club-bag with a complete travelling outfit, presented to her by the Colfax Rebecca sewing circle, in order to show their appreciation of the work carried out by her during the years of the war.

Mrs. Wilby left on Saturday afternoon en route to Nova Scotia, where she intends spending Christmas with her father, mother and grandmother, in Polly Mountain, Colchester County, N. S. All being well Mrs. James Wilby intends to return via the United States during the early months of next summer.

To Hold Masquerade—The Queen of the Island Lodge, L. O. B. A., will hold its annual masquerade ball at the Alexandria Club Wednesday evening, Guy Fawkes' Day. The Grand March will commence promptly at 9 o'clock, and dancing will continue until 1 a. m. Supper will be served. A Tombola will be held in connection with which good prizes are offered, including a drop-head sewing machine. The prizes are on view at Spencer's.

Ladies' Guild—A meeting of the Ladies' Guild of the Navy League will be held at the Connaught Seaman's Institute, Superior Street, at 2:45 o'clock on Thursday.

Made by returned soldiers: Smart little silk ties, for boys, in fancy colors, striped effects and checks. These are made in B.C. Price only 75c.

BOYS' GOOD STRONG WORKING SHIRTS AND OVERALLS

Working Shirts for the bigger boy, made of a good quality, sateen (black) with well-fitting collar, pockets and strong buttons. Sizes 13 and 13½ only. Price \$1.25

Strong Khaki Shirts of a real good material. High or low collar. Buttons made to "stand up." A well-finished shirt in every respect. Sizes 12 to 14½. Prices \$2.00 and \$1.25

The angry tramcar traveller, after many delays, had managed to gain an interview with one of the directors of the tramway company.

"I tell you, sir," he shouted, "the tram was so full last night we could scarcely breathe."

The tram magnate went on writing.

"And we were hanging on one another's eyelids," continued the exasperated man.

The tramway magnate still went on writing.

"It was so crowded, in fact, that the conductor was unable to collect the fares!"

"The magnate dropped his pen on the floor.

"What was the number of that tram?" he demanded, eagerly.

A BEDTIME STORY

UNCLE WIGGLY AND AUNT JERUSHIA

Copyright, 1919, by McClure Newspaper Syndicate. (By Howard R. Garis.)

"You want to be very careful if you go out this morning," said Nurse Jane to Uncle Wiggly one day, as the rabbit gentleman was about to start from his hollow stump bungalow.

"Be careful? Why so?" asked Mr. Longears. "Do you mean to tell me that the Pipselwah is waiting outside for me?"

"No, he isn't there," said the muskrat lady housekeeper, "but Jack Frost froze some ice last night, and in some places the sidewalks and paths are slippery."

"I'll be careful, thank you," answered the bunny, and then giving a little twinkle of his pink nose, so Jack Frost wouldn't nip that, off started Uncle Wiggly.

He had not gone very far before he saw Aunt Jerushia. Ann, the little woodchuck lady, looking out from the door of her burrow, or underground house.

"Oh, Uncle Wiggly, will you do me a favor?" asked Aunt Jerushia.

"Certainly," answered the rabbit gentleman with a low and polite bow of his head. "What may I have the pleasure of doing for you?"

"I want a loaf of clover bread from the store," answered Aunt Jerushia Ann, "but it is so slippery this morning I don't dare go out. I'm afraid of falling."

"I'll go for you," offered Uncle Wiggly, and soon he was hopping and skipping on his way to the three and four-cent store where bread was sold.

Uncle Wiggly bought a nice fresh loaf, and tucking it under his paw, back he started for Aunt Jerushia Ann's home. But Uncle Wiggly's bad luck began just here. For on his way from Aunt Jerushia Ann's house to the store Uncle Wiggly had gone down the hill. The hill had been a little slippery, for on it, here and there, were puddles of water, which Jack Frost had frozen into little skating ponds. Uncle Wiggly slipped and slid on these ponds when he went down hill to get the bread.

"But it's not of fun!" laughed Mr. Longears, as his feet skidded along down the hill. "I can go faster this way."

So this teaches us that it is a good thing, dolls are stuffed with sawdust, to go up the slippery hill, to take the bread to Aunt Jerushia Ann, than Uncle Wiggly slipped the bunny. "Oh, how!" cried the bunny. "No wonder Nurse Jane told me to be careful."

Once more he tried, and this time he slipped so hard that he sat right down on the loaf of bread. But that was a good thing, for the loaf was nice and fresh, and was somewhat like a sofa cushion for Uncle Wiggly.

The bread wasn't hurt a bit, as it was all wrapped in paper, and picking himself up, Uncle Wiggly once more tried to climb the slippery hill leading to Aunt Jerushia Ann's burrow.

But the more Uncle Wiggly tried to go up the more he slipped backward and fell.

"Why!" he exclaimed, "I'm like the frog in the arithmetic book." He lived in a well and every time he jumped up two feet he slipped back one foot. Every time I step up three hops I slip back four hops! At this rate I'll be back in the five and ten cent store pretty soon. But I'll try once more!"

"This will never do!" said the bunny. And just then he heard a little voice, saying:

"Wait a minute, I'll help you, Uncle Wiggly," and along came Susie Littleall, the rabbit girl. She had her doll with her, "Clarabella Shortcake Pineapple, and I will help you," said Susie, most kindly.

"Who is Clarabella Shortcake Pineapple?" asked Uncle Wiggly.

"My dollie," answered Susie, "and she is full of sawdust. Some of it is leaking out of her, and I am taking her to Dr. Possom to have her fixed. He is going to put new filling in her, and I'll help you with the old sawdust."

"How can Clarabella Shortcake Pineapple's sawdust help me?" asked Uncle Wiggly.

"I'll sprinkle some of the sawdust on the slippery ice, and then you can walk on it as easily as if you had sandpaper on your shoes," answered Susie.

"Really?" asked the bunny.

"Really," said Susie. So she sprinkled some of the sawdust from her doll on the ice, and, sure enough, Uncle Wiggly could walk up the hill without any trouble, and he didn't slip back, and he brought Aunt Jerushia Ann her bread and everybody was happy.

"So this teaches us that it is a good thing, dolls are stuffed with sawdust,

GREAT INCREASE IN DRUG IMPORTS

Canadians Are Using More Narcotics Than Ever Before

One of the most startling sets of statistics presented to the recent conference of the Dominion Council of Health is a tabulated statement dealing with the tremendous increase in the importation of drugs into Canada. A copy of the minutes of the Council's deliberations which has just reached Dr. H. E. Young, Secretary of the Provincial Board of Health, and automatically, a member of the Dominion Council, shows the quantity and value of imports in respect of cocaine, morphine, opium (crude) and opium (powdered) for the fiscal years 1912 to 1919, both inclusive.

For instance, in 1912 only thirty-five ounces of cocaine were imported. In 1914 the figure had jumped to 1,028 ounces; in 1916 to 5,391, and in 1919 12,253 ounces, with a value of \$14,122. The amount of morphine imported in 1912 is given as 449 ounces. In four years the figures increased to 15,495 ounces. In 1917 54,215 ounces were imported. In the case of morphine, however, there is a considerable reduction shown both in 1918 and 1919. This year, for example, the amount is 12,987 ounces with a value of \$179,128.

Crude opium has steadily increased in volume of import since 1912, when the total did not exceed 5,017 pounds, until it reached this year 34,283 pounds with a value of \$534,555. In respect of the powdered product of the poppy there has been a decrease since 1912 by approximately half the amount, 123 pounds being the figure for this year's entry.

Dr. Young stated to The Times this morning that the figures were looked upon with a good deal of alarm by the Council, and after an exhaustive discussion as to the best means of controlling these drugs the three following suggestions were proposed: (a) Government purchase for distribution to legitimate dealers; (b) licensing a limited number of wholesale houses; (c) limiting ports of entry. Of these three courses the Council unreservedly advised the first one. Since then, however, the Government has favored the licensing plan.

NEWS AND NOTES OF THE MINES

Silver Fox Group.

For the development of the Silver Fox group, the property of Chas. E. Anderson located on Tallapin Mountain in the Babines, the recent bonding of which was mentioned in The Interior News, the Tallapin Mining Company, Limited, has been formed. The head office of the company is in Vancouver, and the directorate is comprised of Vancouver business men, Mr. A. Wallace, of the Wallace Shipyards, being president, while Mr. A. Wood is managing director.

Mr. Wood arrived at the property last week, and after some preliminaries returned to Burns Lake, where he outlined for the establishment of camp for construction of a road to the property.

The ore on the Silver Fox runs very strong in silver with good values in lead and copper, the main showing consisting of a vein which is cut by Fifteen Mile Creek and is exposed for some seventy-five feet, while the showing is said to be traceable to other sections of the property, which consists of seven claims. At the point of strongest exposure, which is in the rock forming the walls of the creek, the vein is eight feet wide and the first activity in a mining way will be the exploration of this showing with a tunnel. The vein carries four feet of very high grade shipping ore, a recent sample submitted to the P. W. Thomas assay works, Vancouver, showing 1.09 ounces of gold, \$31.25 ounces of silver, 4.59 per cent copper and 19.25 lead. Assays from the four feet of low grade returned a trace of gold, 6.52 in silver, 4.41 copper and 14.80 lead.

In the plans of the company provision is made for a concentrator. Should the surface showing carry to depth they will have a valuable concentrating proposition as well as the rich shipping ore which can be handled economically over the route to Burns Lake.

Mr. Wood has a clear cut and positive plan of work, which he has started to unfold with an enthusiasm and energy that is most hopeful.

To Treat Concentrates

In order to keep its electrolytic zinc plant at Trail working during the shut-down of the Sullivan Mine at Kimberley owing to the strike there, the Consolidated Mining and Smelting Company has arranged to treat the accumulated zinc concentrates of various Slocan properties during the next two or three weeks, says The Nelson News.

The Rambler-Cariboo at McGeigan has 500 tons of concentrates which it began to ship Monday. The Standard at Silverton sent off six barges on Monday. Its accumulated zinc concentrates amount to 300 tons and it is adding thirty tons a day. The Echo at Silverton will also contribute 350 tons.

The settlement price is 2c per pound for the zinc, seventy-five per cent of the zinc content being paid for when the ore runs fifty per cent zinc, and one and one-half per cent being deducted for every unit the ore is under fifty per cent.

The settlement for silver is the New York price on the day of sale, plus fifty per cent of the silver content being paid for, this rising to sixty per cent if the silver content is thirty ounces or over per ton.

A large quantity of zinc concentrates has been accumulated by the Roseberry-Superior Mining Company, but it has not accepted the Consolidated's proposition up to the present.

Copper Mountain

At a recent function in Princeton, H. R. Van Wagner, general manager of the company, made a short address in which he outlined what had already been done and what would shortly be accomplished. It was because of immense deposits of low-grade ore in Copper Mountain that the company had decided to place its major works there. The ore is similar to that found at Anyox and Britannia. There are an additional 2,000,000 tons semi-proved, added to which would be the ore at depth. This assures steady production for many years. The equipment essential for operating a mine of this character had been assembled. There is to be a mill at Allenby, five and a half miles from Princeton, and the mill would represent an investment of \$1,000,000. It would have an initial capacity of 2,000 tons of ore per day, which can easily be increased to 5,000 tons. The mine, seven and seven-tenths miles from Princeton, would give employment to upwards of 450 men. These with their families, for whom houses would be built, would be the nucleus of a new mining town of 700 people. From 100 to 150 men would be engaged in the mill, and, as these are generally permanent employees, it means a substantial addition of nearly 400 to the population of Allenby. The establishing of two thriving towns in territory tributary to Princeton will naturally be of immense benefit to that place and justify rapid growth.

The West Kootenay Power Company is supplying the power to operate the works from its plant at Bonington Falls, and the Kettle Valley Railway Company will build the necessary spur line. Labor difficulties have retarded these operations, but as soon as they are completed the work of recovering the ore will commence. The railway company's expenditure on spurs and equipment will be \$3,250,000, and the power company will spend \$250,000. This it would appear that about \$7,000,000 will be invested in the Princeton district, consequent on the decision to convert Copper Mountain into cash. The cost may be benefited considerably through the purchase of supplies and transshipment of the product.

Copper Production. Copper produced in 1918 cost

Store Hours—7 a. m. to 6 p. m. Wednesday, 1 p. m.

Particularly Good Values in Women's Navy Blue Suits

WHEN the fineness of quality, the splendid workmanship and the deserving styles which these models reveal is considered, women will recognize in them suits that are eminently desirable in every way.

They are offered in semi-tailored and novelty styles in sufficient variety to ensure satisfactory selection.

A very unusual value is represented in a Suit of navy wool velour. Made in a smart novelty style, with convertible collar and small panels at the side and back. Trimmed with silk stitching and buttons—\$49.50.

A Suit designed along severely straight lines, but exceptionally smart, is of navy serge. The only trimming is rows of buttons—\$67.50.

Distinctive model of navy tricotine. The coat has a box pleat down the centre of the back and is edged with black military braid—\$85.00.

Women who desire a navy blue suit of exceptional merit will find in this an unusually handsome model. It is developed from a high grade navy tricotine, the coat having a vestee of duvety in castor brown—\$115.00.

VANCOUVER PASSED FIVE MILLION MARK

Vancouver, Nov. 3.—With an aggregate of more than \$5,000,000 subscribed to the Victory Loan during the first six days of the drive, Greater Vancouver has created a record for the first week of any drive. The exact amount of bonds sold up to Saturday night has not been officially counted up to noon to-day, but it is well over \$5,000,000 mark, officials state. Sir Henry Drayton spoke at the noon luncheon of salesmen to-day.

NEW QUARTERS FOR SOLDIERS' COMMISSION

Although generally regarded as merely an incidental factor in re-establishment problems, the work carried on by the Provincial Returned Soldiers' Commission has grown to such an extent that its headquarters staff at the Parliament Buildings has been compelled to look for more roomy quarters where the increasing business of the returned man may be dealt with more effect and, if that is possible, greater dispatch.

As soon as the Government architect has passed upon the necessary plans for alteration, the office previously used by the provincial representative of the Canadian Patriotic Fund will be converted for the use of the Commission. It is situated in the annex at the corner of Government and Superior Streets, which now houses the Land Settlement Board and the Victoria branch of the Workmen's Compensation Board.

To Help Nature Shed a Bad Complexion

Beauty devotees are enthusiastic over the beautifying qualities of mercolized wax. Nothing discovered within recent years accomplishes so much, so quickly, without harm, at such small expense. The principal reason for its wonderful merit is that it works in harmony with physiological laws. Instead of hiding complexion defects, it removes them. It actually takes off the aged, faded, milky, freckled or blotchy surface skin—gradually, causing no inconvenience. It is Nature's way of renewing complexion.

When the natural process is retarded because of deficient circulation or nerve tone, mercolized wax comes to the rescue and hastens the skin shedding. The new complexion which appears is a natural one, youthful, healthy, exquisitely beautiful. If you've never tried mercolized wax, get an ounce of it at the drug store, use at night like cold cream, washing it off in the morning.

HOUSE DEMAND KEEN

Everything Occupied in Southern Part of City; Small Homes Wanted in North End.

Although the winter is under way persons are still making the rounds of real estate offices looking for houses to rent. Real estate men say that the demand is not as acute as it was three weeks ago, but no house is given an opportunity to remain empty for many days or even hours.

In the northern part of the city the demand for small houses is insistent on the part of persons now occupying less desirable dwellings who are anxious to get something better.

In the southern part of the city, notably in the Fairfield district, there is a keen demand for good medium priced houses from private people and others. It is impossible to rent houses in this part of the city although there are many that can be bought if the price is paid.

NEWS IN BRIEF

Dog Shortage News.—A serious shortage of stray dogs around the city is mystifying officials at the City Hall who are keeping an eye on the revenue accounts. At the beginning of the year it was estimated that the dog collecting department of the pound, which is under the control of Alderman John Harvey, would bring in a revenue of \$5,000. So far only \$3,750 has come in. At the City Hall it is explained that the reason for the collections not coming up to expectations is the scarcity of homeless canines. One cause of this, it is said, is the fact that during the last twelve months, through the effective work of the poundkeeper, one thousand dogs have been taken in and destroyed. For some reason or other this void in the city's animal population has not yet been filled.

POLICE BALL WILL BE BIG FUNCTION

Expected Over 2,000 People Will Attend Affair on November 20

Great preparations are under way for the grand Police Ball to be given by the local force at the Willows on November 20. Everything is being done to ensure that this year's event will prove the biggest success ever staged in this line by the local police force.

So many of the members of the force who volunteered for overseas service, have returned and the dance will afford the first real opportunity of making merry in their honor, that the ball this year will have a double significance.

The main hall at the Agricultural Fair Grounds will be used solely for dancing this year and the Women's Building, directly opposite, will be fitted up for the catering and as a cloak room. There will be a covered way from one building to another so that the dancers may be protected against inclement weather.

Over two thousand people will attend the ball, it is expected. Inquiries at police headquarters to-day showed that over four hundred tickets have already been sold, which means an attendance of nearly 1,000 already guaranteed. Ticket sales are good, reports the ticket selling committee, which is comprised of Constables Harper and Burnett. Tickets may be obtained at various places in town, including the Police Station, Fisgard Street.

The management committee includes Driver Caldwell, chairman, and Constables McLellan and Anderson. George Varney is the secretary. All committees are taking a very deep interest in promoting the ball, which is by far the biggest annual social event of the kind.

The decorations are in charge of Mr. Richards, the well-known decorator, and this part of the programme will be carried out on an elaborate scale. A gang of men has been working for some time on the electrical and plumbing arrangements.

Lou Turner's splendid orchestra of twenty-five pieces will furnish the music, and all the latest hits are being obtained from New York especially for the occasion.

VANCOUVER BOWLERS WIN

The third telegraph match between the Victoria all star maple smashers and Vancouver bowlers was played on Saturday night ending in a win for Vancouver by 225 pins. The following represented Victoria:

1st	2nd	3rd
Game Game Game Tl. Ave.		
Fairall	141	144
Monton	152	167
Taylor	148	151
Buckle	147	151
Wilcox	137	158
High score, Moulton, 177; high average, Moulton and Fairall, 154.		
Vancouver—First game, 821; second game, 901; third game, 836. Total, 2,558.		

To the Electors of the City of Victoria

Before leaving the city to again take up my duties at Ottawa as your representative and the responsibilities of the position to which I have been called, I wish to take advantage of this opportunity to thank all those who succeeded in placing me at the head of the poll at the recent by-election. I can assure you that I most deeply appreciate the confidence that you have imposed in me.

I also wish to express my keen appreciation to those who composed the working committees of my supporters, and who rendered such valuable services, both during the campaign and on election day, as well as to those who have appeared on the platform at the various meetings in my behalf.

To those also who were generous enough to place their motor cars at my disposal, or otherwise assist me on election day, I desire to extend my sincere thanks.

I am also greatly indebted to the press of the city and wish to extend my heartfelt thanks to them. Their clear-cut and business-like manner in which they placed the issues before the electors for their consideration was an invaluable aid in securing the splendid majority which was accorded me on October 27.

Towards my opponents I bear no ill feeling whatever, and having been elected to the responsible position as the representative of all of the electors of the city of Victoria, I shall use my best efforts to represent them without favor to the best of my ability.

I have taken a very pronounced stand in the past with regard to the development of the industries of Victoria and vicinity, and also fully recognize the great opportunities there are in fostering the tourist traffic. I shall continue to press the claims of our city along these lines in the future as I have done in the past.

I feel that what the unemployed Canadian wants is an opportunity to work at remunerative wages and under satisfactory conditions. This can only be met by the development of our industries and agriculture.

I shall continue to render service to the returned soldiers and their dependents to the fullest possible extent, because I feel that they are deserving of every consideration that it is possible to extend to them.

Yours faithfully,
E. F. TOLMIE.

BAN ON CELEBRATION CREATES INDIGNATION

Berlin, Nov. 3.—There is much indignation among the industrial population of Munich as the result of a military order prohibiting the public celebration of the first anniversary of the German revolution, which for Bavaria is November 7. Trades unions, advised from Munich state, are threatening a general strike unless the order is rescinded.

slightly more than an average of 16 cents a pound, according to the report of the Federal Trade Commission to Congress made public last week.

The report covers eighty-five companies in the United States, Canada, Mexico, Cuba and South America, producing approximately 2,250,000,000 pounds of copper, and includes 95.5 per cent of the total production of the United States.

The investment of these eighty-five companies in 1918 was more than \$472,000,000, and the profit realized averaged at rate of 28 per cent on the investment.

Slightly more than 15 cents a pound in the Arizona-New Mexico district was the lowest average cost, and over 17½ cents a pound in the states tabulated in the report, while copper produced in South America, Cuba and Mexico in 1918 cost an average of about 15½ cents a pound. The report represents 84 per cent of the production of Chile, 71 per cent of Peru, 53 per cent of Mexico, and 36 per cent of Cuba.

LEVER BROTHERS LIMITED, TORONTO

BOYS' NAVAL BRIGADE; WEEKLY ORDERS

1. Band Practice—Band practice for both subdivisions at 7 p.m. on Wednesday, November 5, at the Connaught's Seamen's Institute, Superior Street, James Bay. All ratings in the band are particularly ordered to attend this practice. This also applies to those boys on the waiting list of drummers and buglers.

2. Both subdivisions will parade at the coal wharf, H. M. C. Dockyard, Esquimalt, on Wednesday, November 5, at 5 p.m. for recreation in the ship's boats.

3. General Parade—(a) Both subdivisions will parade at the coal wharf, H. M. C. Dockyard, Esquimalt, at 2 p.m. on Saturday, November 8, and will proceed on board H.M.C.S. Rainbow for instruction. This parade will be dismissed at 5 p.m. There will be a duty boat available to take off to the ship those ratings who, owing to work are unable to reach Esquimalt until later in the afternoon.

(b) The entire band is ordered to attend this parade with all instruments.

(c) All Signalmen who are in possession of signalling equipment are ordered to bring it.

4. Cancellation of Parades—(a) The general parades ordered for Esquimalt subdivision on Monday nights of each week are hereby cancelled until further orders.

(b) The general parade ordered for James Bay subdivision on Tuesday nights is hereby cancelled until further orders.

(c) The parade for rifle exercises ordered for Thursday nights in each week are hereby cancelled until further orders.

(d) The specialist classes ordered for Friday nights in each week are hereby cancelled until further orders.

5. Swimming Parade—The quarterdeck and maintop of both subdivisions will parade on Tuesday, November 4, for swimming exercises at the Y. M. C. A., corner View and Blanshard Streets. The quarterdeck will parade at 4 p.m. punctually and

the maintop will parade at 4.30 punctually.

James Bay Subdivision.

1. The general parade usually held on Tuesday nights is hereby cancelled.

2. Band practice will take place on Wednesday night at 7 o'clock at the depot.

3. Recreation in boats will take place at the coal wharf, near the drydock, at Esquimalt, on Wednesday at 5 p.m.

4. The rifle exercises for forecattlemen usually held on Thursday nights are hereby cancelled.

5. The specialist classes usually held at the Pemberton Building on Friday nights are hereby cancelled.

6. The subdivision will parade at the coal wharf, H. M. C. Dockyard, Esquimalt (near drydock) at 2 p.m. on Saturday, November 8, ratings unable to attend punctually on account of work will be taken off to the ship in the duty boat from the coal wharf during the afternoon.

7. Orderly bugler for the week, A. B. Bradley.

8. Orderly petty officer for the week, No. 48, J. Robertson, C.P.O.

9. The following able seaman is struck off the strength of this subdivision with effect from to-day's date: No. 83, J. McLaughlin, A.B.

10. The following recruits, taken on the strength and rated as able seamen and given the following numbers: 152, Miller; 153, S. Young; 154, W. Robbins.

11. Attention is drawn to the general orders in which it is stated that all ratings wishing to absent themselves from parade must apply in writing to ship's office at least 24 hours previous to parade, from which they require to absent themselves. In case of sickness the ship's office telephone No. 5872 must be notified.

12. Notices—Football practice will take place at Beacon Hill Park on Friday at 4 p.m., weather permitting.

2. All the flutes must be returned to the ship's office, 222 Pemberton Building immediately.

13. Swimming Parade—The quarterdeck will parade for swimming at 4 p.m. sharp at the Y.M.C.A., corner View and Blanshard Streets. The main top will parade at 4.30 p.m. at

the Y.M.C.A. for swimming on Tuesday, November 4, 1919.

Esquimalt Subdivision.

1. The general parade usually held on Monday nights is hereby cancelled.

2. Band practice will take place on Wednesday nights at 7 o'clock at the depot.

3. Recreation in boats will take place at the coal wharf, near the drydock, at Esquimalt, on Wednesday at 5 p.m.

4. The specialist classes usually held at the Pemberton Building on Friday nights are hereby cancelled.

5. The rifle exercises for forecattlemen usually held on Thursday nights are hereby cancelled.

6. The subdivision will parade at the coal wharf, H. M. C. Dockyard, Esquimalt (near drydock) at 2 p.m. on Saturday, November 8, ratings unable to attend punctually on account of work will be taken off to the ship in the duty boat from the coal wharf during the afternoon.

7. Orderly petty officer for the week, Leading Seaman Glass.

8. The following ratings are taken on the strength of subdivision and are rated as able seamen, and are given the following numbers: 251, D. Bone; 252, T. Morley; 253, V. Madden; 254, G. Rombough; 255, Hicks; 256, W. Anderson; 257, H. Toomy; 258, Creech; 259, R. Seabrook.

9. The following able seaman is rated up to be leading seaman, with effect from to-day's date: G. Isbister, A.B.

10. Swimming Parade—The quarterdeck will parade for swimming at 4 p.m. sharp at the Y.M.C.A., corner View and Blanshard Streets, on Tuesday, November 4, 1919, and the maintop will parade at 4.30 p.m. sharp.

W. M. HOTHAM, Lieut. R.N.V.R. Commanding officer, Victoria division, Boys' Naval Brigade.

It Works Wonders On Catarrhal Colds "CATARRHOZONE"

When your throat rattles, your lungs and chest are sore, your throat is stuffed with cold—don't fear consumption—use Catarrhozone and get well. It clears the throat, cures hacking, relieves tight chest, and soreness in the bronchial tubes. To clear away Catarrh of the nose nothing could be better. Catarrhozone is nature's own remedy—it heals and soothes—cures every form of throat, lung and bronchial trouble. Prescribed by many specialists and used by thousands every day. Get the dollar outfit; it lasts two months and is guaranteed. Small size, 50c; trial size, 25c; at all dealers.

VANCOUVER ISLAND NEWS

Mr. W. H. May, of Victoria, School Inspector, is staying in the Courtenay district looking over the school situation, says The Comox Argus. The immediate occasion of his visit was the provision of school accommodation for the twenty-five children of school age at the Gwilt camp. It was at first thought that arrangements could be made for these children to be brought in to Courtenay but it is found that the Gwilt camps are in the area set aside for No. 8 school. If it had been possible to make early arrangement for them at Courtenay it is probable that something might have been effected as No. 8 school has been closed down for some time and all the desks have been shipped to No. 3 camp of the Comox Logging and Railway Company. But as Inspector May points out children are being turned away from Courtenay school to-day because there is no room for them. No. 8 school will therefore be re-opened as soon as it is possible for them to get more desks. That is no easy matter as the settlers at Merrville have found. They have had their schoolhouse and teachers waiting for desks for many weeks now but it has been impossible to get desks. Out there, there are sixty children of school age waiting more or less impatiently until they arrive.

No. 3 school of the Comox Logging and Railway Co. was quick to seize the opportunity of getting furniture from No. 8 and is now running.

Sidney Women's Institute. The regular monthly meeting of the Women's Institute will be held Tuesday, at 3 p.m. in Berquist's Small Hall, Sidney. As a number of the members attended the Conference in Victoria, it is hoped to have some very interesting reports.

Comox Wharf. The pile driver of the contractors who are going to re-build the wharf at Comox has arrived and it is expected that work will commence at once. In the meantime a good deal of comment has been occasioned by the action of the wharf inspector, who has posted notices warning the public that the wharf is unsafe. At the same time all the traffic from the Charmer and other boats including the mails is still being brought over it since there is no other method of landing them.

Victory Loan. To boost the Victory Loan the publicity committee has arranged for a mass meeting next Tuesday evening in the Berquist Theatre, Fourth Street. Several able speakers will explain the reasons for the loan and why it is in the interests of this community to support it to the limit.

HORSEFLESH.

Walter (to dromedary diner): "Ah, good morning, sir! So you're back in harness again?"
Diner: "Yes, and I wish this confounded steak was, too!"

Daughters of Canada

The mother, the nurse, the women with the needle, the ambulance driver, the canteen worker, the "farmerette" and the daughters of industry in factory, office and store—all inspired the manhood and ennobled the womanhood of Canada by their labours of love and sacrifice in the days of the nation's anguish—now happily past.

And their response, to give and to lend of their money time and time again—was beyond all praise.

And—Canada—being mindful of their past example—and conscious of their all-pervading influence again asks her Countrywomen to buy Victory Bonds. Yes, she asks them to buy them, even

at the sacrifice of some cherished longed-for purchase.

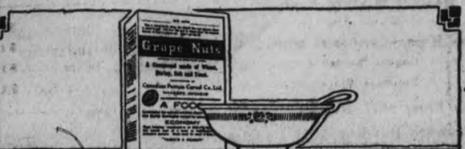

It is self denial to do without something that will lend background to ones charm, but the time is not long and the debts of honour must be paid.

There is another thought, too, that wives and mothers will appreciate. The success of the Victory Loan makes for Prosperity. Steady employment is dependent upon prosperity. Without prosperity uncertainty will follow.

Hence Canada sounds a clarion call to her daughters for their aid in making an abundant success of the Victory Loan 1919.

"THE MAN HUNTER"
IS THRILLING STORY

For Four Days William Farnum Will Be at the Royal Victoria

A very select cast supports William Farnum in his latest William Fox photoplay, "The Man Hunter," which will be shown at the Royal Victoria for four days commencing to-night. Louise Lovely is Mr. Farnum's leading lady for the first time. Miss Lovely was born in Sydney, Aus-

tralia, and educated in Switzerland and Sydney. Her motion picture career began after several years in vaudeville and musical comedy in Australia and in this country.

Charles Clary, the "heavy" in the picture, is well known to followers of William Fox photoplays. Mr. Clary was born in Charleston, Ill., and was educated in Kansas City and St. Louis and at the Washburn College in Topeka, Kan. For many years he was in stock and in road companies, supporting Mary Manning, James O'Neil, Ralph Stuart and others. Mr. Clary is six feet and one-half inches in height, and weighs 195 pounds.

Maec Robbins, who plays the part of the lawyer, also is well known as a William Fox player. He began his career on a ranch, but soon left the open field for the stage. He supported Fanny Davenport in Shakespearean roles in New York, and was in stock for five years in St. Louis. He has been in motion pictures since 1914—nearly all of this time with Frank Lloyd, who wrote and directed "The Man Hunter."

Leatrice Joy, who enacts the role of the adventuress, was born in New Orleans and was educated there at the Sacred Heart Academy. Though she is only twenty-one years of age, she has had a long screen experience. Frank Lloyd, the director, was born in Glasgow, Scotland, where he began his stage career in stock and repertory. He came to America at the head of C. P. Walker's repertory company, and later played in vaudeville. He began his screen career as an actor about four years ago, but soon was raised to the position of director. He has made "Les Miserables," "A Tale of Two Cities," "Riders of the Purple Sage," "The Rainbow Trail," and many other big William Fox photoplays.

MYSTERY WOMAN OF ALL THE AGES

"The Eternal Magdalene" Will Be Presented at Variety

With the presentation of "The Eternal Magdalene," the stupendous picturization of Robert H. McLaughlin's stage sensation, Goldwyn gives ready response to a nation-wide request for a screen version of the powerful human play—a request voiced by thousands who were enthralled by the play, as well as by the great majority beyond the reach of the theatre.

"The Eternal Magdalene" in its screen form at the Variety, all this week, is destined to win even greater success than was achieved by the stage production. Surpassing without question and motion picture achievement of the year, "The Eternal Magdalene," with a theme that is ever on the tongues of millions, cannot fail to reach the heart of every man or woman, young and old. A drama of compassion, its tense scenes are laid in one modern American city after another in a startling panorama of life.

With a cast of outstanding merit, including such well-known players as Margaret Marsh, Charles Dalton, Donald Gallaher and Vernon Steele, with mountings more wonderful than Goldwyn had yet achieved, and with one of the most absorbing stories in human history, it is no wonder that Goldwyn announces with pride the presentation of "The Eternal Magdalene."

This great drama of compassion, based on a theme that touches almost every man, woman and child in the world, becomes a startling panorama picture exceeding in novelty and completeness anything ever done for the screen.

And this powerful human drama is enacted amid a modern, present-day environment with people known to and encountered by all in their daily lives. It is a realistic story that faces things squarely and honestly, without evasions and with direct appeal. It avoids any thought of propaganda, but it will cause spectators to ask themselves many questions.

EVELYN GREELEY
IN "PHIL-FOR-SHORT"

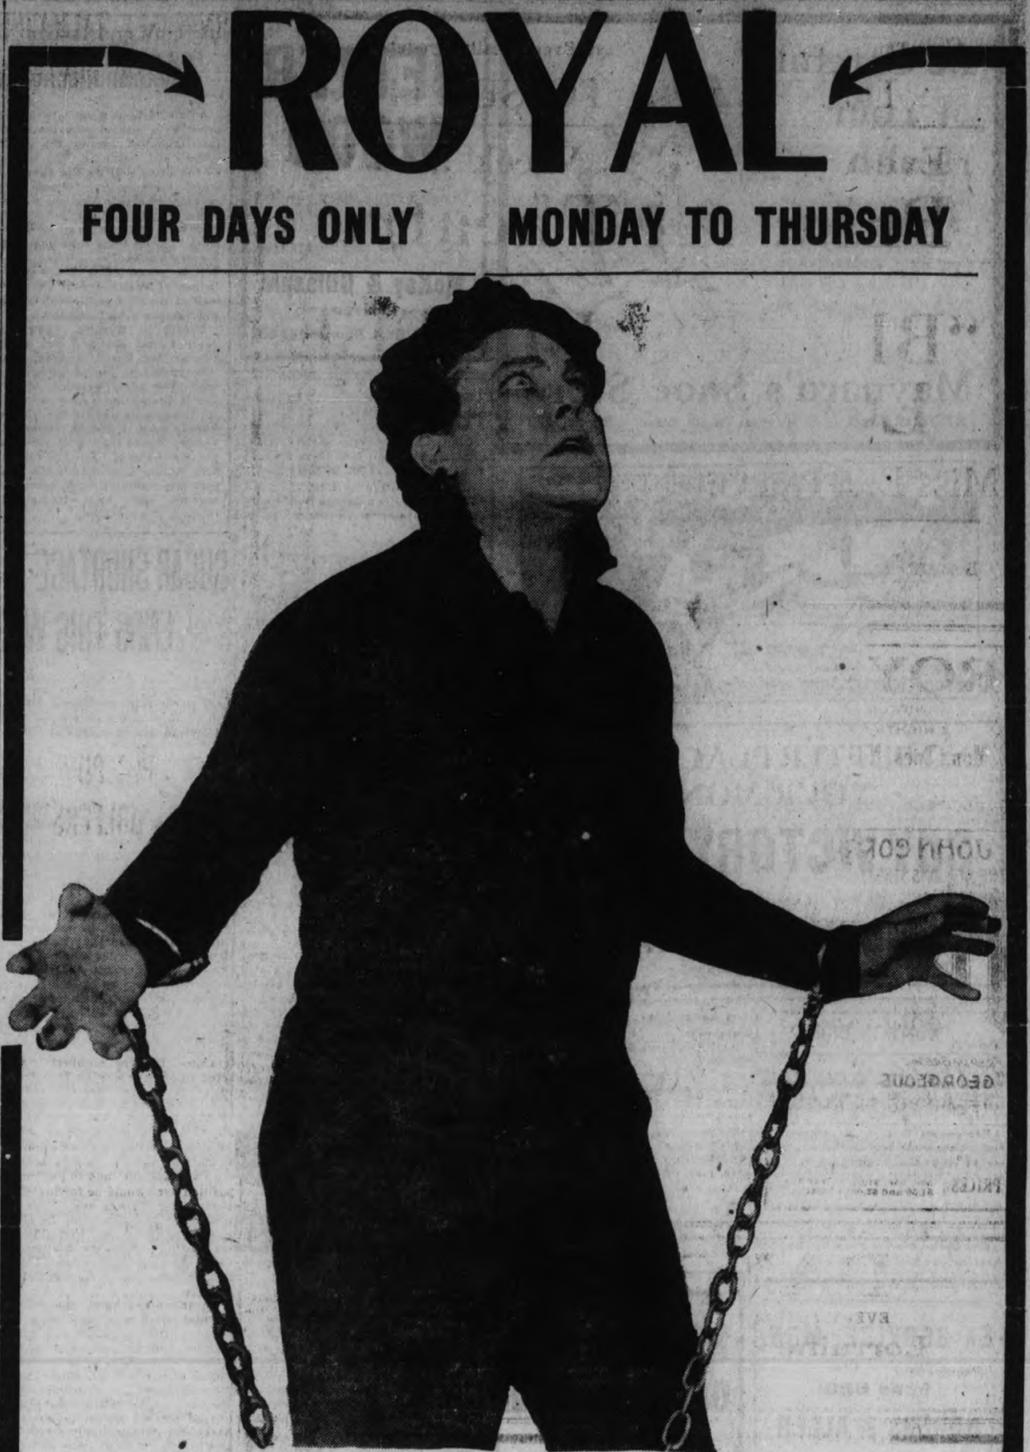

Emotional Film Will Be Screened at the Romano To-day

Suspense, action, heart interest, youth and romance. All these will be found in "Phil-for-Short," the new World picture, starring Evelyn Greeley, which is scheduled for showing on the Romano screen to-day, Tuesday and Wednesday.

"Phil-for-Short" is not alone a delightful play, it is an absorbing, fascinating, entrancing production and you are certain to enjoy it thoroughly. It is the story of a modern girl—the modern, that is, in her independence, in her love for the right and in her dislike for the old fettering conventions which decreed that her sex must not wear men's clothing. Of course, Phil doesn't wear men's clothing all the time, but when she works in her garden she dons overalls, and this is the cause of much agitation on the part of an old maid of her town and the old maid's brother.

"Phil-for-Short" is mighty pleasing, mighty interesting, mighty good entertainment from start to finish. It is just the sort of entertainment that every member of the family thoroughly enjoys.

Miss Greeley is supported in this,

ONE WEEK ONLY—COMMENCING TO-DAY

the first picture in which she stars for World-Pictures in her own right, by a notable cast. Hugh Thompson, who has supported a number of the most prominent screen actresses as leading man, appears as leading man for Miss Greeley in this production. A number of other prominent and favorite film players are seen in the cast.

PRINCESS WILL DRAW LARGE CROWDS DAILY

"Billy's Little Love Affair," which the Princess Players are producing all this week at the Princess Theatre is proving itself the cleverest, funniest, and altogether the most delightful play that R. N. Hincks and

his versatile company have attempted. The play itself, in the first place, is built up on a screamingly amusing plot which is filled with the adventures of a gilded youth who has lost most of his guilting and who marries for money. Secondly, Mr. Hincks has succeeded in gathering together one of the most talented and best-balanced casts that has ever played upon the boards of the Princess Theatre, a cast which makes good use of every humorous situation and every funny line. Miss Eva Hart, who fills the title role, is achieving unbounded success, while Capt. Hendy, who plays opposite to her, also has gained the applause he so well merits. In the rest of the company there is no actor who could not fill a more difficult part if the play required it.

FLO-FLO COMEDY AT ROYAL NEXT WEEK FOR TWO NIGHTS

Heroes from Oshkosh do not often hold the attention of New York audiences for an entire season, but this situation occurred with Flo-Flo, John Cort's brilliant musical comedy hit, which he is bringing for a limited engagement of two days to the Royal Victoria theatre, starting Monday, November 10th. This young man from the Wisconsin

sin village is loved by an American actress, who is betrothed to a bogus Spanish court; and Flo-Flo, a beautiful corset model who is a vampire at heart. Billy, as he is known in the programme, is ably assisted in his romantic career by the only comedy chorus in existence, every member of which is a "perfect 36". The Bride Shop—Lingerie Emporium—is the gorgeous setting for the scenes, with its living models draped in gorgeous diaphanous costumes.

The success of the Victory Loan means safety for you and prosperity for Canada.

VITAGRAPH SERIAL

TO OCCUPY COLUMBIA

"The Iron Test" Will Be Presented; "Mints of Hell" is Feature

"The Iron Test" which is described as Vitagraph's "latest and greatest photoplay serial," will be presented at the Columbia. Antonio Moreno and Carol Holloway are the featured stars of this newest thriller, which is from the pens of Albert E. Smith and Cyrus Townsend Brady. Mr. Smith is the president of the Vitagraph Company and Dr. Brady is one of the foremost fiction writers of America.

Beginning to-day with the first episode, "The Ring of Fire," this serial will be shown every Monday, Tuesday and Wednesday for fifteen consecutive weeks in addition to the regular feature photoplay of the Columbia programme. Manager Clark believes this serial to be the most thrilling story of romance and adventure which he has seen on the screen. To begin with, the story has for its background a circuit and

the big mountains of the West, which assure plenty of action and fine photography.

In the first episode Antonio Moreno leaps through a blazing hoop to a flying trapeze, and in doing so his clothes are set afire. He falls to the ground in flames.

As a special added feature on the new Columbia programme to-day, William Desmond's latest production, "The Mints of Hell," is to be presented. The snow scenes in this picture are said to be among the most remarkable ever shown on the screen. The big snowstorm scene during the exciting dogged race is a most graphic bit of realism which adds tremendously to the production, conveying the Alaskan atmosphere convincingly.

The scene of the drama is in the Yukon in the depth of the Arctic Winter, most of the action taking place on the trail of the great Lillimut Divide.

Across this trackless waste of snow man have gone in search of "The Mints of Hell," the name given to flat gold, which is black and soft and flat like coins from "the mints of hell." In their mad search for this most precious of all gold ore, the adventurers have come over the divide never to return, while many who found it and survived have gone mad with joy at the sight of the treasure which made them millionaires.

The drama tells the story of a man who went alone over the unknown trails and found the flat gold "pocket."

William Desmond was never better cast than in this picture, and makes a manly and likeable character in the role of Dan Burke, the hero.

Is the war over? Yes—at the front. But Canada will not have "finished the job" until the 1919 Victory Loan is fully subscribed.

CONSTANCE TALMADGE
AT THE DOMINION

Will Be Star This Week in "A Temperamental Wife"

The burning love stories of a Bulgarian count, the bashful kisses of the bachelor Senator Newton, the powerful "kick" of a glass of apple jack and the unreasonable jealousy of the fascinating Billie Billings make "A Temperamental Wife," starring Constance Talmadge, one of the best attractions to be seen at the Dominion Theatre in many days. This picture starts its run to-day.

Billie put the strictest limitations upon her marriage. She wouldn't marry a man unless he had never looked at all other women. The only person answering this description was found to be Senator Newton, of Nevada, an unmarried solon, with a sluggish liver and an absolute ignorance of romance.

For a while Billie was forced to do all the loving, but after the honeymoon, when the senator got a knowledge of wedded bliss, he turned out to be a most desirable mate. Billie's married life is shot to pieces, however, when the Senator calls her bluff and refuses to discharge his lady stenographer. Enraged, Billie decides to run away with a Bulgarian count. Winning back the affections of her apparently hard-hearted husband affords Billie plenty of work and the audience plenty of laughs.

WOULD PUT PUNCH IN GOLFERS PLAN

Methods of Vaudeville Artists Would Boost Scheme For Municipal Links

Many features develop special interest in the new bill of vaudeville to be seen at the Pantages theatre to-night and all this week. Comedy and music predominate on the programme, but the numbers are selected in such a way as to give wide variety and fine entertainment.

If certain gentlemen of this city could put as many sweet faces and as much fun and luring music in their municipal golf links proposition as is to be found in "On the Golf Links" at the Pantages, the fund to put the proposition over would be forthcoming in short order. This is one of the prettiest of all "real acts" and the comedy is of the uproarious kind. The girls are youthful, attractive in appearance and wear stunning clothes. The setting for this act is particularly attractive.

On the other hand, the lovers of the high class in musical composition and rendition will find a rare treat in the offering of Miss Camille Rajane. Miss Rajane is a talented "cellist, one of the very finest that has ever appeared in vaudeville. This is her first vaudeville tour having been booked for his circuit personally by Alexander Pantages only a few weeks ago in Los Angeles. She is a charming artist. Her selections are mostly of the classical order and her performance will appeal to artistic taste in music. She is one of the special added attractions of the Pantages programme.

The other special attraction is also of a musical order, but of an entirely different theme. Take the warmest and most appealing of the Irish songs and dances and accept them in the form they are presented by the Kilkenny Four, and one has rollicking entertainment without mistake. These are real Irish stagers and one of their numbers is an imitation of an old-fashioned Irish band. They have a fine line of patter and the folk dances will be one of their special hits.

Then comes the comedy end of the bill. Take the Ross-Wyse company, for instance, where the audience finds a comedy surprise package. It is a little Australian, who puts it over and keeps the audience in a constant uproar with his nifty work and that of his supporting company. "Number Please" is also a comedy sketch interspersed with bright music, song and dance numbers. It is the sort of joyous affair that one digs up around the office of a country hotel and sparkles all the way through.

Introducing a series of astounding tricks on cycles, the Cyclone Brunettes have an unusual opening act for the programme. They present clever athletic work in a pleasing manner which makes skill seem like play. Also much comedy is introduced into their offering. The eighth chapter of "The Carter Case" tells another thrilling episode of this popular movie drama.

ERNEST BALL TO BE ON ORPHEUM BILL

Stellar Attractions For Week-end Engagement at Royal

Where lives the man, or woman and child who has not heard that song "Mother Machree"? Where is it that has not been hummed "Love Me and the World is Mine"? To the Royal Victoria Theatre for Friday night next, Saturday matinee and

Saturday night comes Ernest Ball, composer of popular songs together with Maude Lambert, charming musical comedy favorite. Wherever there is a piano, a phonograph or any other sort of musical instrument, in fact, wherever there is a human voice Ernest Ball is heard from. He composes and sings his own songs and does it in a way that merits the popularity which he has been received all over the continent. Miss Lambert herself has something aside from a voice. She has ability to pull a song over. She has recently been called the "emergency prima donna" for the reason that she has held up many musical comedies by their own boot straps. This couple promise to be a stellar attraction. Vieing in favor for first place on the bill, Dunbar's Salon Singers five in number will be heard in a programme called "Moments Musical."

This act is one that will appeal strongly to all lovers of high-class music. The Salon Singers is a mixed quartette and an accompanist. Their work is considered artistic to superlative degree. Chris Richards is billed as an eccentric English comedian. He has already circumnavigated the globe as a Thespian. He does juggling and eccentric dancing. He is a humorist, tells stories and songs. All these things are done in a way peculiarly his own. The sketch of the week will be "Indoor Sports." It has to do with the ways and means employed to make the desired man pop the question. In this sketch the author really holds the mirror up to nature. It gives promise of being the feature sketch of the entire season. A fine example of canine intelligence will be here when "Snooter"

the educated bulldog makes his appearance. Snooter's accomplishments are really thinks for himself. No more delicious bit of travesty has been seen on the stage than that offered by Collins and Hart. These two delightfully burlesque feats of athletic performers keeping their audience keyed up to a pitch of hilarity from the time they appear until they make their exit. Phina and company will present a classy singing and dancing act. Miss Phina has the assistance of boys and girls dressed in swagger evening attire. It is regarded as one of the best singing acts that has been here this season. The Royal Victoria Theatre Orchestra will offer its best efforts and Canadian films will close the bill. The Bridge from War to Peace—Canada's 1919 Victory Loan.

The very foundation of good cookery

How Danes Hoodwinked the Germans

From The London Daily Chronicle.

Mr. Cecil Roberts, who has just returned to England from a visit to Denmark, where he interviewed many leading politicians, in the following article throws new light on the revelations regarding Germany's threats to Denmark before and during the war, and also on King Edward's advice and assurances eleven years ago:

The Danish White-Book, Mr. Roberts writes, will probably leave many to wonder what sincerity there was in assurances of Denmark's pro-English sentiments.

The interviews of Captain Lutken with von Moltke must not be accepted too literally. Denmark probably covered herself by these conversations which put off the necessity of signing any agreement with Germany regarding her position in the event of war between England and Germany.

It will be noticed that Mr. Christensen (the Danish ex-Premier) sent Lutken to Berlin with powers to do nothing more than assurances, which in view of King Edward's frank statement regarding our inability to render immediate and effective help to Denmark, was the most diplomatic policy.

It would be wrong, therefore, to accuse Denmark of pro-Germanism; in fact, as Lutken's instructions asserted, the people of Denmark were strongly anti-German, since they had not forgotten or forgiven Germany's seizure of her territory in 1864.

King Edward's Advice.

Maintenance of neutrality was King Edward's advice to King Frederick, and Mr. Christensen acted accordingly.

It will be observed that von Moltke again and again asserted that Britain would land troops at Esbjerg, an assurance which convinced no one; but which diplomatically the Danish Premier apparently accepted in order to lead Germany to think that the need of her friendship was recognized.

The conversations of 1906 do not give the whole of the story. There were previous conversations, and I am able to refer to one that took place with a Danish statesman when the Emperor William visited Skagen.

For the present, since I have no time to ask permission, my informant must go unnamed, but he is a leading Danish statesman, who told me that at the time that visit the Kaiser had a draft treaty which Denmark was asked to sign.

"Ask England."

Delay was obtained by the suggestion that Denmark should approach England in order to ascertain her views.

The Kaiser assented, thinking that he would thereby gain further knowledge of England's disposition.

Conversations between King Frederick and King Edward followed. The latter also stated (which does not appear in the Danish White Book, but is probably known to the compilers) that his naval advisers had said that Denmark must place no hope of naval protection in the Sound or the Baltic from British warships, since such an operation would expose the fleet to a serious flank attack by the German navy coming out of Kiel.

Further naval confidences were exchanged.

Sound Strategy.

Early in the war Denmark experienced a critical hour when Germany stated that unless Denmark mined the Sound and kept British naval vessels out she would, and thus force Denmark into either a declaration of war or a confession of impotence.

An urgent council was called. The result was that Denmark "consented" to mine the Sound.

Germany immediately recorded this as a triumph and a score against our Admiralty; as a matter of fact it was nothing less than a triumph of policy on our part, for private assurance was given Denmark that so far from objecting to the mining of the Sound, England would welcome

it, for the German fleet would thereby be confined to the Kiel exit.

Thus again Germany was hoodwinked; and part of this success must be accredited to Denmark.

The Esbjerg Booby.

It is my view that throughout the conversations with von Moltke the policy of Mr. Christensen and his agent Lutken was to affect conversion to Germany's theory of British attack via Esbjerg, and thereby postpone the crisis that would come with any demand for a signed treaty with Germany.

There is little doubt that King Edward, with his knowledge of continental politics and his regard for Denmark, aided, even if he did not suggest this policy; certainly the results were highly successful.

Denmark did not enter the war and she was not crushed like Belgium.

Denmark has always had a reasonable fear of Germany. She remembered 1864, and she was vividly conscious that eight million soldiers dwelt on the other side of an invisible line. But she knew all the same where her true interests lay, even when the issue between England and Germany was in the balance.

Baltic Trade Policy.

Copenhagen to-day possesses a great free port, which it continues to enlarge throughout the war; clearly there could be but one object, to take over the Baltic trade from the German free ports after the latter's defeat.

In conversation last month with Mr. Anderson—the founder of the East Asiatic Company, a shipping magnate, and probably the greatest power in Denmark to-day—he referred to a meeting he had, during the early days of the war, with the late Tsar of Russia.

He then outlined to the Tsar a trade policy, with Denmark acting as forwarding agent through her great port, whereby the Baltic trade would pass out of German control and be conducted by England and Russia. The Tsar asked Mr. Anderson to draw up a memorandum of his policy, which he did. A copy of this Mr. Anderson showed me.

If in 1915 this was Denmark's attitude, at a time when neutrals might well have doubted the real purpose of Christensen's conversations is not doubtful.

The present revelations may arise out of a situation, in Danish local politics in which one party may be seeking to discredit another with the not unpopular charge of having backed the wrong horse.

The Victory Loan will keep Canada's Farms and Factories Busy.

Group and the Muskatee across the river have developed some very good showings and will continue with development work through the winter, expecting to ship in the spring. The Dolly Varden officials look for a great deal of activity in the section next year and are anxious to see a great many of the district properties developed to start shipping in order to give the railway tonnage.

Coming to Vancouver.

The holding of two annual general meetings, one to take place in the East and one in the West, is the decision of the Canadian Mining Institute. The programme for the first western annual meeting, to be held in Vancouver on November 26, 27 and 28, is now practically completed. The annual meetings of the Society have been so popular among mining engineers and others interested in the development of the Canadian mining industry, that it was decided to hold these conventions more frequently. Interesting and instructive papers from technical experts are a feature of the meetings, while the social part of the Association is not overlooked. The Canadian Mining Institute is one of the strongest national mining organizations in Canada.

Consolidated Company.

The report of the Consolidated Mining and Smelting Company on the operations of its mines and smelting plant at Trail, B. C., for the year ending September 30, 1918, with supplementary statements, shows a net profit of \$867,259, after deducting \$81,986 for taxes, \$408,577 for depreciation of plant and equipment and \$219,292 for improvements. The latter sum was mainly expended in plant for the development of new processes, especially those involved in the electrolytic treatment of complex zinc ores. The payment of the annual 10 per cent. dividends was continued, a deficit of \$189,485 caused thereby being charged to profit and loss account. The assets of the company at the close of the year amounted to \$17,097,923, itemized as follows: Mines, mineral claims and shares in other companies, \$7,884,664; mining, smelting, concentrating and refining plants, \$4,689,608; ores, metals, and smelter products on hand and in transit, \$2,828,418; stores and materials, \$1,183,183; accounts receivable, \$643,325; insurance and taxes paid in advance, \$28,192; and cash, \$43,182. The mining, smelting and general expenses for the year amounted to \$4,268,219, the principal items being: Op. the Tadanac reduction plant, \$2,279,226; Roseland mine, \$239,601; and Molly Gibson mine, \$77,890. The development expenses for the year were as follows: Molly Gibson mine, \$6,348; Highland mine, \$20,068; Sullivan mine, \$14,235; Roseland properties, \$145,744; Emma mine, \$28,093; Ottawa mine, \$6,811.

CAUSED BY "FLU"

Rheumatism Makes Life Unbearable for Silvertown Woman Until Relieved by T. R. C.'s

Mrs. Oswald McDougall, Silvertown, B. C., in a letter covering ten closely written pages, says: "When on a visit to Eastern Canada last June (1918), I contracted Flu. It left me a rheumatic cripple. I lost 20 pounds in 10 days. I could not walk or dress. I was almost helpless, and suffered agony all the time. Finally, my husband decided to take me back to B. C. at once. When we reached Toronto, I had to go to bed while my husband went for the nearest doctor.

"Enquiring from a policeman, he was told, 'If it's rheumatism, get T. R. C.'s.' My husband was crazy when he returned with a large box of T. R. C.'s. I soon felt my good luck, for now I am as well as ever, have gained 25 pounds, and haven't a single ache or pain. T. R. C.'s made me well again, and I hope this letter may be the means of helping other rheumatic sufferers.

T. R. C.'s have long been sold in Ontario. You can now buy them in B. C. from special druggist-agents in almost every town. If not, in your, write Vancouver's Western Branch, Box 152, Victoria, B. C., or send us a post card for our booklet.

WILL STUDY VOICE CULTURE IN SOUTH

Mr. Edwin Brown leaving Wednesday for Los Angeles, Cal., to Have Voice Trained.

Mr. Edwin W. Brown, 3235 Quadra Street, is leaving Wednesday for Los Angeles, California, where he will take a course in voice culture.

"Brownie," as Mr. Brown is known to his many friends in Victoria, for the past seven years has been employed by the British Columbia Telephone Company. On Wednesday evening last, at the home of Mr. F. C. Patterson, manager of the Telephone Company, Mr. Brown was presented with a diamond and pearl stick pin from the staff of the company. Mr. Patterson in presenting the pin, spoke very highly of the work of Mr. Brown, who was a valued employee and was always ready to meet the demands of the public.

Last August, Mr. Brown, while touring California, met a professor of voice culture who advised him to have his voice further trained, with a view to a professional career, and it is on this advice that he is leaving for Los Angeles. After completing his training in Los Angeles Mr. Brown expects to finish his study in Europe.

The many friends of Mr. Brown wish him all success, and hope to see his name some day among the list of famous singers.

NEWS AND NOTES OF THE MINES

During September the Dolly Varden Mines on Alice Arm shipped 112,000 ounces of silver, and during October will have shipped 150,000 ounces.

Development and production by the Taylor Engineering Company are proceeding and extending, with prospects of operating clear through an "open" winter. Samples of ore in good sized chunks picked at random from a scow at Anyox last week had 4,000 ounces to the ton. The run of shipping ore is proving from fifty to seventy ounces, although some sacked toward the end of the season will run 700 ounces.

These were some of the optimistic reports brought to Vancouver by A. J. T. Taylor, Chris Spencer and Walter Leek last week, all heavily interested in the mine development and returning from a trip of inspection. They found that the season's work on the Dolly Varden had been eminently satisfactory, with every promise for uninterrupted shipments through the winter and progression with development schemes in hand. It is expected that the October rate of ore shipment will be steadily continued as long as weather will permit. Plans are made for consistent winter operation, and at present a 1,900-foot tunnel is being driven below the lowest existing workings. This would tap ore bodies 250 feet below the present tunnels.

The North Star Group, an adjacent property, has arranged to ship some sacked ore this year. The Tiger

- Suits for men and young men. Tweeds and worsteds, in smart patterns. Sizes 34 to 42. Reg. \$35.00. **Smoke Damage Sale \$22.75**
- Suits for men and young men, in sizes 35 to 44. Superbly tailored in smart styles. Cloths include some of the finest all-wool imported worsteds and tweeds. Regular \$65.00. **Smoke Damage Sale \$51.75**

- Suits in young men's and conservative models. Smart new waist-seam effects included. Reg. to \$45.00. **Smoke Damage Sale \$37.75**

"You'll Like Our Clothes"—Egd.

1117 Government Street 1117

VICTORIA NORTHWEST WORLD

West's Are First to Stop North Wards' Victorious Soccer Streak

K. of C. Hut Make It Three Straight—Yarrows Overwhelm G.W.V.A. Eleven

Association.
Wards, 1; Wests, 1.
K. of C., 1; Foundation, 0.
Yarrows, 4; G. W. V. A., 0.
Comrades, 2; Harbor Marine, 2.
Intermediate.
Wests, 4; Postal Service, 0.
Yarrows, 2; Army and Navy, 0.
Metropolis, 2; Saanich Rovers, 0.
Their old rivals, the Victoria West eleven, have been the first to stop the victorious career of the North Wards in the city soccer race. Jack Youson's men battling the league leaders to a one-goal draw Saturday. The two teams for years have been rival bidders for most of the soccer laurels and nothing would have pleased the suburban band better than to lower the Ward's colors, but the great defence of the champions stood the strain.

The Intermediates
At Work Point on Saturday, Yarrows Intermediates defeated the Army and Navy Intermediates by a score of two to nothing. It was a hard game, fast and clean throughout. Yarrows scored after ten minutes' play. The Army and Navy played well but in hard luck. They had two goals disallowed on account of the ball touching the scorer's hand in transit. The unfortunate man on both occasions was Christian. Throughout the second half the Army and Navy were bombarding the Yarrows goal, but some fine goal-tending on the part of Ricketts stood between them and victory. The Army and Navy had four men hurt accidentally during the game, and at one period had only eight men on the field. At the same time credit must be given the winners for making the most of their opportunities. Referee Oliver handled the game capably. In the closing minute of the game Bob Miller, the Army and Navy goalkeeper, made a fine save, which prevented Yarrows from increasing their lead.

Three Straight.
The K. of C. men lived up to the hopes of their supporters and made it three straight victories for them on small jump on the chart, "but it is a sample of what we are going to do from now on," say their supporters. The Wards made their position at the top of the league indisputable until next week's games. Yarrows showed another flash of that form that marked their debut at the beginning of the season, stopping the Great War Veterans. By drawing with the Comrades the Harbor Marine registered their first point.
After Saturday's battles the club standing is as follows:

Team	Goals	P.	W.	L.	D.	F.A.	Pts.
North Wards	4	4	1	1	15	1	9
Yarrows	4	2	0	12	7	8	8

SKATING RINK WILL OPEN THURSDAY NIGHT

The eagerly looked for announcement is over at last! The skating rink will open Thursday night. A corps of men have been busy overhauling for the last month, and this morning the management announces that they are satisfied there will be a fine sheet of ice ready for the skaters on Thursday night. There will be a band in attendance to make the opening of the most captivating of all winter sports auspicious, and judging by the display of skates in the store windows and the announcements of the skate grinders that have been going around for a week or two past, there are lots of skating fans in Victoria who have been waiting for the announcement when a good springy sheet of ice would be ready for them. The rink will be thrown open at 8.15. The sessions to be in force throughout the season will be announced later.

VICTORIA MARKSMEN TOOK ONE OF PRIZES

High School Boys Were Among Six Canadian Prize Winners
London, Nov. 2.—The National Rifle Association has issued the 1919 results of the imperial challenge shield competitions, which have been held annually throughout the empire since 1910, each team shooting with a miniature rifle on its own range.
In the senior division for boys of 15 and over, 775 teams representing a total of nearly 14,000 boys. The challenge shield, medals and prizes, are presented by Lieut.-Col. Fennell, of South Africa.
A feature of the results in the senior competition is that most of the leading prizes were won by Australia. The excellence of the Australian cadets is very marked.
Canada wins in all six prizes out of a number of 223, namely, senior competition; Colchester County Academy, 117th; Smith's Lais Collegiate, 44; Belleville High School, 58; Victoria High School, 62nd; No. 1 platoon, A Company, Kingston Collegiate, 67th.
Junior competition—Smith's Falls Collegiate, 33rd.
Of the remaining prizes, Great Britain takes 45 including junior shields, Australia, 49; including the senior shield, New Zealand, 9, and South Africa, 10.
The 1920 conditions will be issued shortly, and will remain almost the same as in 1919 with the exceptions of the age limit, which is reduced from 20 to 18 years in the senior competition.
It is hoped that Canada will enter more teams.

Picking 'em Up Around the Sport Camps

Aston Villa are rushing around for players. They recently offered £2,500 for Grimsdell, but the Spurs prefer the player to the money.
More than 7,000 pounds of pure gold are required every year to supply wedding rings for British brides. The amount spent would pay admission to about ten times the number of real good football games.
"I want a set of golf clubs," said the worried looking man. "Certainly, sir," answered the dealer in sporting goods. "By the way, I believe you bought a set of clubs from us yesterday." "So I did, but I'm determined to learn how to play that infernal game if I break every golf stick in town!"
Work is the best fun, says Gordon Selridge. Sure thing! But give most men the chance between a rugby game and making up a trial balance and not many would hesitate in arriving at a decision.
George Bernard Shaw says: "The longer I live, the more I am inclined to the belief that this earth is used by other planets as a lunatic asylum." George certainly picks a wallop at the end of his pen.
"Wanted—Minister of the gospel for Athapuskow' camp. Must be a good poker player," an advertisement in Le Pas Herald reads. "If he can throw his legs under the mahogany with the gang and show them he is a good short-card player, he'll certainly command their respect. There's a lot of literature as 'Ralph Connor,' famous old-time sky pilot of the lumber camps, chaplain for two years with the Canadian army in France and now pastor of St. Stephens' Church in Winnipeg, says the miners ought to get the kind of man they want.
Religious bodies in Winnipeg are planning to answer the "Macedonia cry" from the North. The Salvation Army has hurried a worker into the new field. Rev. C. W. Gordon, known to literature as "Ralph Connor," famous old-time sky pilot of the lumber camps, chaplain for two years with the Canadian army in France and now pastor of St. Stephens' Church in Winnipeg, says the miners ought to get the kind of man they want.

"Y" BASKETBALL DRAWS BIG CROWD

About 125 Spectators Saw Teams Battle on Saturday
The second game of the B series and sixth game of the A series were played Saturday evening, being a fine evening's entertainment for the 125 spectators.
The first game was between the "Tillicums" and First Presbyterians. The "Tillicums" were easy prey for the Presbyterians, who won the game with a score of 31 to 8.
The "A" series game between the

ROSS HANGS UP ONE MORE SWIMMING MARK

Honolulu, Nov. 2.—Norman Ross broke a United States and world's swimming record, open water, here yesterday in the annual fall swimming meet. He swam 880 yards in 11 minutes 12 2-5 seconds, breaking the American record by 14 2-5 seconds. He then continued swimming to one thousand yards, which he did in 12 minutes 44 3-5 seconds, breaking the world's record by 7 2-5 seconds.

CRICKETERS ANNUAL MEETING THIS WEEK

The annual meeting of the Victoria and District Cricket League has been set for Wednesday night at the K. of C. Hut, Fort Street. President F. C. Payne, in requesting a full attendance of cricketers, points out that the usual date of holding the annual meeting has been changed because it was thought that a better attendance would be secured than if the meeting were held in February as in previous years.

Here, Men, Are Some Fine Sweater Values

Qualities are excellent and there is a choice of styles and shades that will leave no preference ungratified. Some are old stock at old prices—therefore sterling values.
Coat Sweaters—Heavy wool knit, fawn, grey or brown. Big value at \$3.75

OAK BAY SCHOOLS PLAY GOOD SOCCER

Representative Team Will Be Picked to Meet City Schools
St. Michael's 2, Oak Bay High School B, 0.
One of this year's fastest games was seen Saturday between St. Michael's and Oak Bay High School. The boys of both schools showed great improvement in every department. St. Michael's forwards in particular playing a strong, aggressive game and combining well. They were well backed up by the halves, Turner in particular playing well and repeatedly robbing G. Heneall and Hoadley, who were doing well for the High School. R. Heneall in goal for the winners played a safe game and stopped one specially dangerous rush of his brother's. For the winners Powell was always dangerous.
Willows 0, High School A 0.
The Willows defence shone in the game, the High School pressing all the time, but finding it impossible to score. Although there was not the good team work that was in evidence on the other pitch there was some good individual play.
The Association hopes to be able to pick a representative team that will give the city schools a good game as soon as arrangements can be made.

Victoria Golfers Lose Trophy in Second Half at Sound City

Seattle Men Overcome Thirty-Point Lead and Win by Three Points—Total Score for Biggerstaffe Wilson Cup Sixty-five to Sixty-two

Invading Seattle with a 30-point lead for the Biggerstaffe Wilson trophy, Victoria golfers lost in the second half of the 72-hole competition on the American links by thirty-three points. The first 36 holes were played on the Oak Bay links and the local men won 44 to 14. At Seattle the tables were turned on the British Columbian 51 to 18, the 33-point margin putting the Seattle players three points ahead on the complete game. The total score, Seattle 65, Victoria 62.

Seattle brought a twenty-one man team to the Oak Bay links and Victoria took a twenty-four man team to Seattle Saturday.

Saturday's match was of particular interest in that it marked the return to Coast golf of A. V. Macan, the Victorian who won the Pacific Northwest championship in 1913 and who has always been one of the foremost golfers in this section of country. Going to the front early in the war, Lieutenant Macan, was injured at Vimy Ridge, losing almost his entire left foot. When he played Saturday it was with the aid of a golf club in his right hand and a cane in his left as he tramped over the thirty-six holes in his match with H. A. Fleager.

Macan vs. Fleager.
The Seattle Golf Club crack had Macan three down in the morning round, but in the afternoon he lost by two holes, finishing two-points to Macan's one on the day. For the brilliant and popular Irishman there was a reception in progress all day at the club.

Biggerstaffe Wilson, holder of the trophy, captured it Saturday, played second on the team and was defeated for total points by Jack Ballinger, who was holding them over from every point of the green. George Tilden played his old opponent, Jack Rithet, and got the same result as his teammate, "Disie" Fleager, being three up in the morning and two down in the afternoon.

Among the total point winners for Seattle were: J. H. Ballinger, S. L. Russell, E. J. Brown, Carl Huis-Kamp, F. E. Fey, R. S. Blair, E. I. Garrett, W. E. Cameron, W. E. Fulton, Dr. I. A. Parry, L. Schwager and Rex Stafford.

Henry Carstens, A. G. M. Fraser and Nat Paschall obtained no points, while single and two-point winners were: H. A. Fleager, R. E. Campbell, G. H. Tilden, Alex Dickinson,

WANDERERS AND ISLAND FIFTEENS TAKE RUGBY GAMES

Good Crowd at Oak Bay to See First League Encounters

Rugby.
Wanderers, 15; J.B.A.A., 6.
V.I.A.A., 11; G.W.V.A., 0.

The Wanderers and the Victoria and Island Fifteens took the games in the first two league rugby encounters played at Oak Bay before a good attendance Saturday. By fifteen to five the Wanderers took the game from the James Bay squad, and the Victoria and Island Fifteens stacked up against a weakened G. W. V. A. fifteen and won by eleven to nothing. For a part of the game the aggressive and one stage of the game it looked as if the Bays were without one player.

Opening with two men absent, the James Bay players had an anxious twenty minutes with the ball continually in their territory but with the strength completed they assumed the aggressive and one stage of the game it looked as if the Bays were sure winners. Five tries were registered by Grant's men, but the extra points were never added. Bennett got over the line for the only James Bay score, and Gonnell made no mistakes with the kick.

The brilliant work of Grant was one of the features of the game and his many friends were delighted to see him give a sample of his old time form.

The greatest trouble with the Veterans appears to be their lack of players. They were unable to muster a full fifteen. For about a quarter of an hour they were without the services of two men, and for the whole of the game they were one man short. With this handicap they staged a great battle against the V. I. A. A. aggregation and although they failed to make a single tally they have a promising selection of players and when their ranks are full should be strong enough to be in the fight all the time.

Boy's men were in good training and showed the result of the hard practices they have been indulging in regularly in preparation for the opening games.

Regina Beat Winnipeg.
Regina, Sask., Nov. 2.—In a fast, tough game, Regina rugby players bested Winnipeg 12 to 0. The score hardly represents the difference between the two teams, as Regina had the edge on their opponents from the start and forced the play all the way. The outstanding player for the visitors was McNeil, with Bradburn backing him to the last ditch. Fritchard gave a fine demonstration of cunning and speed with little protection from his ends, who failed to hold Newbatt and Crapper.

Championship Game Next.
Montreal, Nov. 2.—By spectacular playing here Saturday, when it defeated Ottawa by the score of 45 to 6. Montreal earned the right to host the game with Hamilton for the championship of the Inter-provincial Rugby Union.

Spectator Died.
The game was considered by old-timers as one of the most thrilling contests ever witnessed here. It kept a fine crowd of 5,000 alight with excitement from start to finish, and during one of the tense moments in the last quarter, a spectator, Harry L. Shaw, died from heart failure. The match was fast, but bad feeling was evident by a number of players repeatedly during the struggle, so that fights were frequent.

Crowd Broke Through.
The crowd broke on to the field from the grandstand in the last quarter, when Wilt and Abinovich mixed it up. Various other players had to be held back by main force from enlarging their fight. The police intervened and Montreal officials yelled at the crowd through megaphones, warning them that their action might mean the loss of the game on a protest. This appeal was heeded and the game was resumed and was not interrupted again.

More Excitement.
Hamilton, Ont., Nov. 3.—Making their last desperate stand for the Inter-provincial rugby championship, Argonauts of Toronto, lost to the Tigers here Saturday, 9 to 6. The visitors put up a plucky battle and

outplayed the yellow and black during the greater part of the game. With less than three minutes remaining to be played, Pocock lifted a long punt to McElvey and the latter made a 45-yard run. On the next down, Leady skirted the Tigers' end and was brought down 30 yards out and almost in front of the Argos' goal. The Waterman expected the local to attempt to kick a goal from the field, but Tigers crossed them and sent McElvey around the left end for a touchdown, which was converted. Argos protested the game on the ground that McElvey had run over the side line and that the crowd had interfered with the play.

The official score was announced as 9 to 6, but the visitors claimed they made eight points.

Toronto, Nov. 3.—Capitals defeated Beaches in an intermediate O. R. F. U. rugby game Saturday, 15 to 1.

Toronto, Nov. 3.—Toronto R. A. A. leaders of the senior series, won from Hamilton Rowing Club Saturday, 27 to 3.

Toronto, Nov. 3.—Varsity seconds defeated Western University of London 10 to 2 here Saturday, in the first of the home-and-home games to decide the winner of the western section of the intermediate intercollegiate series.

Toronto, Nov. 3.—It was no indication that the McGill club administered to the University of Toronto in their intercollegiate union rugby fixture here Saturday. The better team played the better football and the answer was 16 to 3. The score by quarters was as follows:

McGill 1 1 2 16
Varsity 2 0 1 3

Fokker and a German Secret
From The London Daily Chronicle.

How red tape is said to have lost the war in the air for Germany, and how flocks of wireless controlled planes, designed to make big guns obsolete, should have been used, is now given to the world, by the inventor of the Fokker.

Fokker's Statement.
"I think the Germans lost the war in the air," Fokker, the Dutch inventor of the deadly German aeroplane, said in an interview recently.

Fokker at the same time blamed the Berlin War Office for bungling a plan of his for overwhelming the Allies by scattering the big guns together in favor of shelling by flocks of wireless-controlled aeroplanes.

"It seems to me that the Allies permitted Germany to do all the pioneering in air fighting. They let Germany set the pace in all improvements for a time, but Germany was whipped in the air in the summer of 1918. That was one big reason why the German army had to quit."

"I had built 3,000 aeroplanes for the Germans to use in the spring drive, but the Allies had five to our one. I think the Germans lost the war in the air."

Great Military Secret.
"If the war had gone on for several more years, how far would the aeroplane have developed?" Fokker was asked. His answer revealed what he declared had been a great military secret.

"We would have put the artillery got of commission. We would have made the big guns as old-fashioned as spears," he exclaimed. "It was all the fault of the army red tape in Berlin that it wasn't begun sooner. It was like this:

"In 1916 the army authorities asked me if I could make a very cheap aeroplane, with a very cheap engine, capable of flying about four hours, which could be steered through the air by wireless waves.

"They intended to load each one of these aeroplanes with a huge bomb, and send them into the air under the control of one flying man who would herd them through the sky by wireless like a flock of sheep. He would be able to steer them as he pleased, and send them down to earth in just exactly the spot he selected."

Tangled in Red Tape.
"The Germans' idea was that it was a tremendous waste to send shells through the air by means of explosives. Their idea was to put all their explosives into the shells and then move the shells to their destination by gasoline power.

"They had really lost faith in the use of big guns. The 'Big Bertha' which fired shells 75 miles on to Paris was probably partly intended to delude the Allies into believing that the Germans were developing their big guns instead of preparing to discard them. And if they had not got tangled up in their own red tape they would have rendered the big guns useless before the armistice came."

Orders Given Too Late.
"I prepared the plans they asked for. I found that we could make use of old engines that were not reliable for fighting planes. All we asked of an engine was that it fly for about four hours at the most."

"Of course each one of these aeroplanes, with its engine, would be blown up when the bomb exploded. The whole thing was not much more expensive than firing long range

The Sunshine of a Motor World

Have you heard of the **UNITY AUXILIATOR**?—a small attachment that uses all oily waste vapors from the crank-case of your automobile and, after being charged with steam, is fed to the cylinders.

Brings down your gasoline bill. Gives more power and pep to your car. Keeps car out of the repair shop.

Keeps cylinders absolutely free of carbon. Small and easy to attach. Price that suits all.

shells, and it would be far more sure and far more deadly.

"My plans were accepted by the authorities, and then the War Office made its great mistake. It decided to make the aeroplanes itself. The War Office bungled along with the manufacture of the planes for many months, and when they had finally turned out a few machines, they found that they could not be depended upon."

"In the summer of 1918, three months before the armistice, they came to me and gave me a huge order for the wireless-steered aeroplanes.

"I had just got ready to manufacture them in wholesale quantities when the end of the war came.

"These aeroplanes would have worked havoc wherever they were used. It would have been like shooting huge shells hundreds of miles with a range that was absolutely accurate."

THE BLENDING OF AGE.
Miss Fortee—They tell me that I ought not to wear white, as it is not becoming to my complexion.

Miss Teens—Why not? White and yellow go so well together.

SOME BABY!
"Senator Bullyun must have been a bright baby."

"Why do you think so?"
"He says in an interview that he began life as a school-teacher."

ORIGIN OF QUANT OLD FOLK DANCE

"Some say the Devil's dead. The Devil's dead, the Devil's dead, Some say the Devil's dead, And buried in Cold Harbor.

Others say he's rose again, Rose again, rose again, Others say he's rose again, And 'prenticed to a barber."

According to Samuel Bunnitt, who has taught hundreds of Worcestershire men and women the old Morris dances, this is the version of the legend to which

people dance the jig to this day in the neighborhood of Hunington and Shipston-on-Stour.

The jig is danced to a version of the tune "Green sleeves," and Mr. Bunnitt learnt it from the old players of the labor and pipe, who used to play it for the dancers of the neighborhood. He now plays it for them on his violin, and the dancers sing the words, which they have fitted to the tune.

The jig danced to the "Cold Harbor" words has come to be known as the "Bacca Pipe" jig, and according to Mr. Bunnitt, the steps are danced in and out of two long churchwarden clay pipes, laid cross-wise on the ground. The penalty for breaking a pipe used to be the purchase of a quart of ale.

MORE FIRMS ARE ON HUNDRED PER CENT. LOAN LIST

Dozen Concerns Win Honor Emblems on Saturday Afternoon

"The Honor Emblem Competition is going along like a house afire," George Bushby, who is in charge of that part of the Victory Loan Campaign, announced this morning in giving out the names of the firms and families which have earned places on the 100 per cent. list. "We are beginning to feel the effect of the publicity which the competition has received in the Press, and from this time we expect to be worked to death."

"It is going along much the same as it did last year, but we confidently hope that we shall exceed the volume of last Victory Loan by a good many hundreds of names, for we were very much handicapped by the influenza epidemic, which most decidedly took a lot of pleasure out of the people, and of course they did not take much interest in anything but the influenza and the fear of being stricken by it.

"This year all is plain sailing, and we are off to a splendid start, but wait until Mr. Thrift has been through the schools, cheering up the youngsters. Then poor father will get very little peace until he has put the whole family into the lists of Honor Emblem Winners."

Following are the names added to the senior list on Saturday afternoon:
Dunlop Tire & Rubber Co. Staff, 711 View Street; Hamsterley Farm Staff, Government and Bastion Streets; Richardson and Waxstock, Billiards, Broad Street; Burroughs Adding Machine Co., Pease Block, Yates Street; Moore & Whittington Lumber Company Office Staff, 2802 Pleasant Street.

Additions to the junior list on Saturday afternoon were as follows:
George Bushby and family, 1065 St. Charles Street; J. Strable and family, 4410 Walter Street; J. Patterson and family, 1605 Belcher Street; Chong Tai, 1711 Government Street; C. Kan-Tel, 1430 Government Street; Henry Mitchell and family, 2517 Shakespeare Street.

Doris—"I thought you were going to kiss me when you puckered up your lips just now."

Jack—"No—er—it was only a piece of grit in my mouth."

Loris—"Then for goodness sake swallow it—you need some!"

LOOKING THINGS OVER
More Rugby Competition.
Yet another California rugby eleven is anxious to make a trip to Victoria. W. H. Davies has received a letter from Davies, California, stating that among a hundred Australians taking a course there, there is a good rugby club which has already secured dates with nearby universities. The writer states that the team is anxious to make a trip to Victoria, and if the game could be financed it would add another interesting event to the already very promising rugby schedule for the season.

HELP WANTED-MALE (Continued)

COURSE FOR MARINERS-Also Steam Engineers, now ready. International Correspondence Schools, 1211 Douglas Street.

WANTED-Men to train themselves to become automobile mechanics and electricians. We are now equipping our Victoria school with all up-to-date and modern equipment to teach the different trades we offer. Why are so many men available themselves of the opportunity to train under the Hemphill system? Because the Hemphill Trade Schools are the largest and most practical chain of government chartered trade schools in the world, endorsed and approved by both the Dominion and United States governments, having trained soldiers for both governments during the war. The Hemphill Trade Schools have been established for over fifteen years and are in a position to give you a better and more practical training in auto and gas tractor mechanics, vulcanizing, electrical wiring, battery recharging and repairing electrical ignition. We have the modern and latest equipment. Enroll now and take advantage of our special rates. Call or write for our 128 Illustrated Catalogue. HEMPHILL TRADE SCHOOLS, LTD., 491 B. C. Parliament Loan Bldg., Victoria, B. C.

BRANCHES AT Winnipeg, Calgary, Edmonton, Vancouver, Saskatoon, Regina, Portland, Ore., Seattle, Wn., Learn More, Earn More.

RETURNED MEN-L.C.B. students may resume or change their studies to suit present conditions. International Correspondence Schools, 1211 Douglas St.

WANTED-All respectable workmen to know that large, warm, comfortable, gas ranges and good home for a suitably person. Hotel Douglas (next City Hall) for \$15 and up per month. n5-3.

DEPARTMENTAL MANAGER writes: After taking for position for about three months I was offered a very high position in the firm in which I am employed. This advancement, which incidentally doubled my salary (which was not insubstantial) attributes entirely to Pelmanism. Full particulars as to how Pelmanism makes one mentally efficient, thereby increasing his earning power, no matter where he lives or what his occupation may be, will be sent on application to The Pelman Institute, 120 Temple Building, Toronto, Ontario, Canada. n5-8.

SOLDIERS "SHUN" Have you overcoats remodeled and dyed at D. F. Spring, tailor, cor. View and Brew, n5-3, Phone 1190.

Births, Marriages, Deaths

DIED. McNUFF—On Nov. 2, 1919, at St. Joseph's Hospital, Margaret Beatrice, beloved wife of L. McNuff, of 733 Admiral's Road, Esquimalt, aged 53 years; born in Nova Scotia. She is survived by her husband and seven children, all natives of Victoria, viz., Myrtle, John, Luther, Evelyn, Jessie, George, and Annie. The remains are resting at the B. C. Funeral Chapel, from whence the funeral will take place on Wednesday, Nov. 6, at 2:30 p. m. Interment will be made in Ross Bay Cemetery.

COCHRANE BY ELECTION.

Calgary, Nov. 2.—Clear weather with moderating temperatures along with the unusual issue involved brought out a big crowd of voters in the Cochrane by-election to-day. This is the first political fight of the United Farmers of Alberta and they have made a vigorous campaign to elect their candidate, A. A. Moore. The Government candidate, E. V. Thompson, is also a farmer, but President Wood, of the U. F. A., has declared that it is a principle that is at stake and hence the U. F. A. put up Moore.

FORTY MILLIONS FOR RE-ESTABLISHMENT IN DOMINION ESTIMATES

Ottawa, Nov. 3.—Supplementary estimates for the current fiscal year were tabled in the House this afternoon to the amount of \$62,346,000. Forty millions to carry out the recommendations of the report of the committee on soldiers' civil re-establishment is the biggest vote submitted to the House, while \$20,000,000 are provided for advances to soldiers settling upon the land and cost of administration of the Soldiers' Settlement Act. Sixty thousand dollars is provided for the Department of Labor as follows: Annual amount required to defray expenses of a director of coal operations and staff in Alberta, \$25,000; amount required to defray expenses of Canadian delegates to International Labor Conference at Washington, \$25,000; further amount to defray expenses of National Labor Conference, \$5,000; and further amount for industrial relations commission, \$5,000. The sum of \$276,000 is included to reorganize the printing bureau, and there is a further provision of \$10,000 for seasonal indemnities.

PROROGATION OF HOUSE DELAYED

By Decision of Government to Bring Down Estimates This Session

Ottawa, Nov. 3.—A decision by the Government to bring down some estimates this session probably makes prorogation of Parliament this week impossible. The House has never been moved into committee of supply this session and indications are that when it is the Opposition may take advantage of the opportunity afforded to introduce a general discussion on the political situation and the Government's policies based upon amendments to the supply motion. Estimates to be tabled probably this week will include an amount required for the negotiations to be instituted to fix the value of the Grand Trunk stocks to be acquired by the Government, additional sums required to cover the cost of the session owing to its unexpected prolongation and a number of other items. The Senate met this morning, but as the Grand Trunk bill was not ready for consideration, the Upper House, after doing a little routine work, adjourned until to-morrow morning in the expectation that the measure will pass the House to-day.

The debate in the Senate is expected to last at least three days and by that time the bill to amend the soldiers' civil re-establishment act will be ready for the Upper House. None of the by-election writs have been received at the Capital and it will not be possible for the members elected on last Monday to take their seats before Tuesday or Wednesday. Ernest Lapointe, Quebec East, who may be the first to do so, is not expected to take his seat before to-morrow, while J. W. Kennedy, the U. F. C. member for Glenagry-Storont, may make his first bow to the Speaker on Wednesday.

With the afternoon sitting Parliament commenced the third month of a session which was expected to last only five weeks, the House, having met on September 12.

Says Canadian Army Was a Crack Corps in All Departments

Halifax, Nov. 3.—Robert C. McCormick, proprietor of The Chicago Tribune, who is a passenger on board the Mauretania, now in port, and who, during the war, was overseas as a combatant officer, in speaking with the Canadian Press to-day, said his observations how shown that the British army had many crack battalions and regiments, but that from what he had seen the Canadian army was entirely a crack corps in all its departments. He said he had seen much of the Canadians.

REPORT ON GUELPH NOVITATE CHARGES Tabled in HOUSE

Ottawa, Nov. 3.—Hon. Martin Burrell, Secretary of State, in the Commons this afternoon tabled the report of the Royal Commission which inquired into the Guelph novitate charges. The report is signed by Mr. Justice W. R. Middleton, of Toronto, and Mr. Justice J. A. Chisholm, of Nova Scotia, the two commissioners. As anticipated, the report exonerates Hon. C. J. Doherty, Minister of Justice, and Major-General McWinn, Minister of Militia, and declares that "upon the evidence before us we think that the conduct of this raid (the raid on the Guelph novitate conducted by Captain Macaulay) was open to all the adverse criticism found in the memorandum of the Adjutant-General." "We are further of the opinion," says the report, "that the Minister of Militia acted with entire propriety in the circumstances."

Results come from a cause. He who complains each day of a headache, and then spends each night doing the things that cause a headache, should tell his troubles to the engraver of tombstones.

DRAYTON TO TALK TO LOAN SALESMEN HERE

Sir Henry L. Drayton, Federal Minister of Finance, will address the local Victory Loan organization at a special luncheon at noon to-morrow. The loan organization from now on will meet for lunch at headquarters every day. Verbal reports made at the luncheon to-day indicated that the loan drive had made a splendid start on its second lap.

GRACIOUS ACT BY PRINCE OF WALES

Paid Surprise Visit to Archbishop Bruchesi in Hospital; "Conquering Prince"

Montreal, Nov. 3.—One of the last acts of the Prince of Wales before he departed from the city yesterday was an impromptu visit to His Grace, Archbishop Bruchesi, at the Hotel Dieu hospital where, for the past two weeks, the Archbishop has been confined for treatment. The visit was an agreeable surprise to His Grace.

"You know, Prince," remarked the Archbishop, "what name the people have given you?" and as the Prince seemed not to know, His Grace continued: "Others will tell you what it is, but I wish to call you another name: 'Conquering Prince.' You passed through our country as a conqueror and your conquests are the finest that can be. You have conquered all hearts, and most especially that of the Archbishop of Montreal." Before leaving his Royal Highness signed the register next to the name of Cardinal Mercier and other eminent visitors, among whom are many Royal names.

Moving Picture Record.

The Prince of Wales will at his leisure be able to see the scenes in which he figured during his tour through the Dominion. He will see himself as he was seen from the crowd, for a complete moving picture record of his tour from the time of his departure from Plymouth, England, in August last to the present date has been presented by the C.P.R. to His Royal Highness.

Duplicates of the film are being sent to England for public presentation.

In Toronto To-day.

Toronto, Nov. 3.—The Prince of Wales arrived in Toronto this morning for his second visit to this city. He was driven to Government House, where he will spend a quiet day. There are no official appointments for to-day, but to-morrow the Prince will, in the afternoon, address the combined Empire and Canadian Clubs at Massey Hall and attend the Bishop Strachan School ball in the evening.

Vatican Paper Says Mission of Alfonso to Paris Failed

Rome, Nov. 3.—The Corriere d'Italia, semi-official organ of the Vatican, commenting on the visit of the King of Spain to Paris, says: "The mission of King Alfonso to Paris has failed. His object was chiefly to solve the problem of Tangier, in the desire to avert the possibility of the proclamation of French sovereignty there." According to this paper, Alfonso did not succeed in obtaining any real assurance on this subject.

B. C. E. R. Employees Accept Award of Conciliation Board

Vancouver, Nov. 3.—Employees of the B. C. Electric Railway, working under the jurisdiction of the Amalgamated Association of Street and Electric Railway Employees, have decided to accept the award of the B. C. E. R. Conciliation Board, which was handed down on October 24. This decision was made known after a meeting of employees held this morning. The company has already signified its intention of signing the agreement. It is expected that signatures will be affixed to the new agreement to-morrow or Wednesday. Canada Counts on YOU to BUY VICTORY BONDS.

MORE AUTHORITY FOR PRESIDENT

Constitutional Changes Advocated by Former Premier of France

Paris, Nov. 3.—Artside Briand, the former Premier, has stolen a march upon Premier Clemenceau by a speech in the political campaign last week, in which he advocated reforms in the power of the President, which Clemenceau was expected to make a required plank in the Government electoral programme. M. Briand in his speech at Nantes, advocated constitutional changes to give more authority to the President of the Republic, and more strength to the executive powers. The President, M. Briand urged, should be elected by popular vote, instead of being selected indirectly as at present by a vote of the two houses of Parliament. "It is imperative," said M. Briand, "that the President of France should assume a more efficacious and wider field of authority." Another plank in the platform of M. Briand calls for the absolute disarmament of Germany and closer contact with the Allies of France in the economic field.

More Optimistic View of Lockout Situation in Spain

Madrid, Nov. 3.—A more optimistic view of the lockout situation in Barcelona is being taken by the authorities as the employers and workers have consented to form an arbitration committee. The Government will continue its efforts to solve the difficulty, and it is considered possible that in the course of this week a definite solution will be reached. Pressure has been brought to bear by prominent citizens in an effort to have the employers change their attitude.

BE SUSPICIOUS OF TENDER GUMS

Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhea—an insidious disease of the gums that destroys the teeth and undermines bodily health. Gradually the gums become spongy. They inflame, then shrink, thus exposing the unenameled tooth-base to the ravages of decay. Tiny openings in the gums form gateways for disease germs to enter the system. Medical science has traced many ills to these infecting germs in the gums weakened by Pyorrhea. They are now known to be a frequent cause of indigestion, anaemia, rheumatism and other serious conditions. So watch carefully for that first tenderness or bleeding of the gums. Try Forhan's immediately. It positively prevents Pyorrhea (Riggs' Disease) if used in time and used consistently. And in preventing Pyorrhea it guards against other ills. Forhan's (For the Gums) cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean. If gum-shrinkage has already set in start using Forhan's and consult a dentist immediately for special treatment. 35c and 60c tubes. All drugists. FORHAN'S LTD., Montreal.

Forhan's FOR THE GUMS

Charge Dismissed. — The charge brought against Alfred and Elizabeth Alexander of keeping a disorderly house at 1407 Store Street was dismissed by Magistrate Jay this morning. Seto Wah Boo, the servant who took the diamonds from his employer recently and handed them over to two other Chinese, was a witness for the prosecution. C. L. Harrison withdrew the charge against Gee Kooey, charged with attempting to defeat the ends of justice, a case arising out of the same set of circumstances. Keep Canada's Record High—BUY VICTORY BONDS. Speed up on approaching a hill.

TO BE CHRISTIAN IS NOT A DANCE OR PICNIC, HE SAYS

Armories Jammed Last Night to Hear Gypsy Smith; Many Turned Away

Five thousand persons packed the seating accommodation of the Armories last night half an hour before Gypsy Smith was scheduled to open his service. Another thousand squeezed themselves in at the back and in the wall aisles on the main floor and around the balcony and remained standing the whole two hours of the service.
To make room for others Gypsy Smith took a large number of boys out of the seats down stairs and had them sit around the platform. When the big building was packed tight, crowds, many of them coming from services in the churches, continued to gather outside the building and began to hammer the doors to get in.
No one left the building or moved during the last ten minutes of the service until the preacher told them they could go.
"I want you to be just as respectful and reverent here as you would be in church," the preacher said. "Show your good breeding and do not disturb the service by getting up and going out. If you were at a moving picture show you would not think of leaving until the very last flicker."
Too Well Dressed For Nickels.
The collection appeal was made especially on the grounds of the good seating accommodation provided.
"And no nickels on the collection plate," said Gypsy Smith. "You are too well dressed a crowd for that. I can see you all."
Although the building was jammed, so good did the acoustics prove that the preacher did not have to strain his voice the least above his normal pitch. There was applause and frequent cries of "Amen" from the local ministers who occupied chairs on a special platform for the clergy, and also from men in all parts of the auditorium.
Qualification Changed.
"It used to be a real thing to be a Christian," said Gypsy Smith. "It used to be a terrific thing. To be a Christian was to be a pilgrim. It was a struggle. It was a conflict with the world. It was to be ostracized, to be cut dead."
"If you are in with the world you are out with God. If you are in with God you are out with the world. You can't combine the two."
"But haven't we changed that? Now to be a Christian is a picnic, it is a social, it is an entertainment, or a dance in the school room. But you wouldn't do it if I were your preacher. I would rather burn the church down than stand for that."
"What is it to be a Christian? It is to partake of the Divine nature. I don't want any praying Christians. I want realities, those who feel regenerated until Christ is found within. And you can't have the Divine nature and keep it secret.
Ability to Preach to Own Wife.
"You have got to live so you can preach to your own wife with a clear conscience or to your children or to your closest neighbors and not just come here and make a big noise. It means that you have got to keep out of debt, and not buy things you can't pay for, because that is just another way of stealing."
"You church members, where is your religion, your good courage, your witness for Christ. In the name of God live your religion."
"When I came into touch with Christian people first I did every-

thing to learn. I could not read books, but I could read people. I did some close observing.
Used to Cost Something.
"I was converted under the old act, when it cost something to be a Christian. The preachers of those days used to preach for one thing. Their whole programme was focused towards one thing, to make people feel the need of Jesus, to work in the heart the conviction of sin. They were not afraid to say that word in those days. They knew that the white lights of the holy spirit on a naked conscience makes it blister. They looked for conversions.
"Who hears about conviction now? Who hears about liberty of the spirit now? Who hears about freedom now? Your heart doesn't dance now. It is your feet. You can stifle at that, and thereby reveal that you have deteriorated in your spiritual character."
Before he commenced his sermon Gypsy Smith asked all returned soldiers in the audience to stand, and he congratulated them on having served their country.
"You were willing to die for your country; be ready to live for it," he added.

POTATO MARKET IS VERY UNCERTAIN

Opinion of Coast Markets Commissioner on Present Situation
While there has been a decrease in marketable potatoes of approximately 15,000 tons, this figure is only one-half of the quantity used in evaporator plants in British Columbia last year, according to R. C. Abbott, Coast Markets Commissioner.
Mr. Abbott, commenting on the situation at length in the last bulletin, says:
"The potato market has taken a sudden desire to soar, and growers in general have taken on a sudden desire to hold."
"The decrease in yield, as forecasted, in Canada and the United States is not anything to become very much alarmed over. Why then this sudden rise in prices in the West? We cannot attribute this rise to a shortage of supply, but believe it is due to a sudden demand. Dealers, from reports, were somewhat backward in stocking up for fear of investigations on the one hand, and on the other they hesitated to buy for three reasons; first, because of the immaturity of the tubers due to the late growing season; second, afraid to risk heavy storage after their experience of last season; third, the belief that the market did not warrant the country prices. These three factors were, in our opinion, quite justifiable on the part of the dealer when one views the situation from all angles.
"The cold weather has set in earlier than for fourteen years, and dealers find themselves without a stock on hand for winter trade. Consequently a sudden demand has sprung up over the western parts of North America.
"In our opinion the future market will be very uncertain. If dealers can secure enough to run them for a couple of months they will then only buy from the farmer any offerings at reduced prices and take a chance on the market.
"The export buyers, who are now operating on the lower mainland, are preparing to leave the province owing to the frantic prices, and if they should withdraw and export buying stop the local market will naturally decline. We have received a number of letters from farmers in which they ask us to advise them. There is one way, in our opinion, that a fair market price can be obtained, and that is by unloading our crop gradually, taking the market as it comes and by so doing you will retain your export trade and be money ahead in the end."

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. Buzza, Black River Falls, Wis.

It is just such experiences as that of Mrs. Buzza that have made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

thing to learn. I could not read books, but I could read people. I did some close observing.
Used to Cost Something.
"I was converted under the old act, when it cost something to be a Christian. The preachers of those days used to preach for one thing. Their whole programme was focused towards one thing, to make people feel the need of Jesus, to work in the heart the conviction of sin. They were not afraid to say that word in those days. They knew that the white lights of the holy spirit on a naked conscience makes it blister. They looked for conversions.
"Who hears about conviction now? Who hears about liberty of the spirit now? Who hears about freedom now? Your heart doesn't dance now. It is your feet. You can stifle at that, and thereby reveal that you have deteriorated in your spiritual character."
Before he commenced his sermon Gypsy Smith asked all returned soldiers in the audience to stand, and he congratulated them on having served their country.
"You were willing to die for your country; be ready to live for it," he added.

POTATO MARKET IS VERY UNCERTAIN

Opinion of Coast Markets Commissioner on Present Situation
While there has been a decrease in marketable potatoes of approximately 15,000 tons, this figure is only one-half of the quantity used in evaporator plants in British Columbia last year, according to R. C. Abbott, Coast Markets Commissioner.
Mr. Abbott, commenting on the situation at length in the last bulletin, says:
"The potato market has taken a sudden desire to soar, and growers in general have taken on a sudden desire to hold."
"The decrease in yield, as forecasted, in Canada and the United States is not anything to become very much alarmed over. Why then this sudden rise in prices in the West? We cannot attribute this rise to a shortage of supply, but believe it is due to a sudden demand. Dealers, from reports, were somewhat backward in stocking up for fear of investigations on the one hand, and on the other they hesitated to buy for three reasons; first, because of the immaturity of the tubers due to the late growing season; second, afraid to risk heavy storage after their experience of last season; third, the belief that the market did not warrant the country prices. These three factors were, in our opinion, quite justifiable on the part of the dealer when one views the situation from all angles.
"The cold weather has set in earlier than for fourteen years, and dealers find themselves without a stock on hand for winter trade. Consequently a sudden demand has sprung up over the western parts of North America.
"In our opinion the future market will be very uncertain. If dealers can secure enough to run them for a couple of months they will then only buy from the farmer any offerings at reduced prices and take a chance on the market.
"The export buyers, who are now operating on the lower mainland, are preparing to leave the province owing to the frantic prices, and if they should withdraw and export buying stop the local market will naturally decline. We have received a number of letters from farmers in which they ask us to advise them. There is one way, in our opinion, that a fair market price can be obtained, and that is by unloading our crop gradually, taking the market as it comes and by so doing you will retain your export trade and be money ahead in the end."
